SAVE WATER AROUND YOUR
YARD AND GARDEN THIS YEAR!

Special events

WATER-WISE SEMINARS

Water-Wise Seminars touch upon a wide variety of conservation and sustainable gardening topics. These seminars are offered at no cost to Boulder residents and they are open to everyone. **COST: \$0**

Creating a Pollinator & Water Friendly Landscape

Wednesday, April 15th from 6 to 8 p.m.
2639 Spruce St., Boulder

Introduction to Xeriscape

Monday, April 20th from 6 to 8 p.m.
2639 Spruce St., Boulder

Less water makes lawns more drought tolerant!

SLOW THE FLOW IRRIGATION CONSULTATIONS

Slow the Flow offers water-saving in-ground sprinkler consultations for no cost. The technician will deliver a clear and actionable list of suggestions to reduce water use and runoff at each property, while keeping landscapes and lawns healthy. Slow the Flow saves an average of over 5,000 gallons of water per outdoor watering season for each resident. **COST: \$0**

Supplies and spaces are limited and will be provided on a first come, first-served basis. All programs are made possible by the city's Water Conservation Program, in partnership with the Center for ReSource Conservation. To learn about other water program efforts or tips, visit www.bouldersaveswater.net.

Low-water gardens!

GARDEN IN A BOX

More than just pretty flowers, Garden In A Box provides a significant water conservation tool in the form of a plant by number garden kit. Affordably priced, these professionally designed gardens improve the beauty and water efficiency of any landscape, especially when used to replace turf. Great for sun or shade! **COST: \$69-\$119**

COLORFUL CHEF GARDEN

Cook a meal using your own home grown veggies and herbs! Comes with a surprise gift and reusable shopping bag. **COST: \$64**

*support
local ag!*

DRIP KITS & TIMERS

Boulder water customers can get a 50 percent discount on drip irrigation kits and garden hose timers! This basic, versatile kit comes with everything you need to connect to your outdoor hose bibb and get started! **COST: \$61**

RAIN SENSORS

Make sure you don't water when it's raining by installing a rain sensor. These sensors shut-off your irrigation system when they detect rain helping you save water. When you pay for a discounted installation we'll give you the sensor for free. **COST: \$42**
