

Watch the Water this July!

July is the month where we experience the highest flash flood risk and it's also the month with the most outdoor water use. Be prepared and watch the water!

FLOOD SAFETY

Flash floods happen quickly. Be ready to respond. During a flood:

1. Move to higher ground immediately.
2. Avoid driving through flooded areas.
3. Stay out of flood waters.

Learn how to prepare for a flood emergency at:
www.boulderfloodinfo.net.

CONSERVE WATER

Over irrigating lawns is the most common way people waste water. Using less saves water and money, AND it won't hurt your lawn.

1. Water grass twice a week.
2. Water between 6 p.m. and 10 a.m.
3. Look for and repair leaks quickly.
