BOARD OF ZONING ADJUSTMENT
MEETING GUIDELINES**

CALL TO ORDER

The board must have a quorum (three members present) before the meeting can be called to order.

AGENDA

The board may rearrange the order of the agenda or delete items for good cause. The board may not add items requiring public notice.

ACTION ITEMS

An action item requires a motion and a vote. The general format for hearing of an action item is as follows:

1. Presentations

- Staff presentation.*
- Applicant presentation.*Any exhibits introduced into the record at this time must be provided in quantities of seven to the Board Secretary for distribution to the board and admission into the record.
- Board questioning of staff or applicant for information only.

2. Public Hearing

Each speaker will be allowed an oral presentation.*

- Speakers should introduce themselves, giving name and address. If officially representing a group, homeowners' association, etc., please state that for the record as well.
- Speakers are requested not to repeat items addressed by previous speakers other than to express points of agreement or disagreement. Refrain from reading long documents, and summarize comments wherever possible. Long documents may be submitted and will become a part of the official record. When possible, these documents should be submitted in advance so staff and the board can review them before the meeting.
- Speakers should address the Land Use Regulation criteria and, if possible, reference the rules that the board uses to decide a case.
- Any exhibits introduced into the record at the hearing must be provided in quantities of seven to the Board Secretary for distribution to the board and admission into the record.
- Citizens can send a letter to Planning and Development Services staff at 1739 Broadway, Boulder, CO 80302, two weeks before the board meeting, to be included in the Board packet. Correspondence received after this time will be distributed at the board meeting.

3. Board Action

- Board motion. Motions may take any number of forms. With regard to a specific development proposal, the motion generally is to either approve the project (with or without conditions), to deny it, or to continue the matter to a date certain (generally in order to obtain additional information).
- Board discussion. This is undertaken entirely by members of the board. The applicant, members of the public or city staff participate only if called upon by the Chairperson.
- Board action (the vote). An affirmative vote of at least three members of the board is required to pass a motion approving any action. If the vote taken results in a tie, a vote of two to two, two to one, or one to two, the applicant shall be automatically allowed a rehearing. A tie vote on any subsequent motion to approve or deny shall result in defeat of the motion and denial of the application.

MATTERS FROM THE BOARD, CITY STAFF, AND CITY ATTORNEY

Any board member, Planning and Development Services staff, or the City Attorney may introduce before the board matters, which are not included in the formal agenda.

*The Chairperson, subject to the board approval, may place a reasonable time limitation on presentations.

Re: Setback Variance for Carport Addition

Sue Deans Residence
1439 North Street [RL-1 zoning district]
Boulder, CO. 80304

Dear BOZA,

The purpose of this letter is to explain the reasons that we are requesting this setback variance.

We propose to build a small carport addition to the southwest corner of Sue Deans' residence.

Please have a look at the attached drawings of the proposed carport to help explain the site constraints and proposed construction.

(1) Physical Conditions:

- a. The north half of this lot is designated as flood plain and cannot be developed. This zoning has limited the development of this property to a small footprint on the south end of the lot. There is only one location to provide one covered parking space. That is the location of our proposed carport.
- b. The owner simply wants to be able to easily access her home in adverse weather conditions.
- c. Numerous properties within this neighborhood have added garages or carports on or near their lot lines.
- d. The existing west setback to the north-west portion of the residence is 6.7 feet. The existing east setback is 5.6 feet. We are currently 2.7 feet short of the cumulative setback requirement.
- e. The north-west addition to the original residence existed when the current owner purchased the property. Therefore, the setback condition has not been created by the applicant.

(2) Requirements for all Variance Proposals:

- a. This carport addition is designed to blend in to the style of the existing residence. It will not alter the essential character of the neighborhood in which it is located.
- b. This carport will be located in an area that is not used by the neighbor. It would not substantially impair the reasonable use and enjoyment or development of adjacent property.
 - i. Our neighbors have no objection to our project. They reviewed the drawings attached prior to signing the attached approval letter.
- c. The proposed carport is small by some standards. It is just large enough to allow access in and out of a vehicle. Therefore, this would be the minimum variance that would afford relief and would be the least modification of the applicable provisions of this title.

- d. The roof edge of the proposed carport is two feet four inches to the east of the property line and is about eight feet above existing grade. This volume would not conflict with the provisions of Section 9-9-17 "Solar Access" B.R.C. 1981.

(3) Building Coverage & Floor Area Ratio:

- a. This property is well within building coverage and FAR standards.
 - i. Building coverage allowed = 2,924 sf.
 - ii. Existing building coverage = 1,518 sf.
 - iii. Allowable FAR = 3,974 sf.
 - iv. Existing FAR = 2,726 sf.
- b. Our project will add 256 sf. of covered area

We respectfully request that you grant this setback variance so that Sue Deans can enjoy her home for many years to come. We appreciate your consideration in this matter

Sincerely,

Jon Chambers, AIA, LEED AP

Dear Tim & Carrie,

The purpose of this letter is to let you know that your neighbor to the east, Sue Deans, is planning to add a carport. We propose to build a small carport addition to the southwest corner of her residence.

We will be applying for a "setback variance" from the Boulder Board of Zoning Adjustment next week. We are applying for the variance because there is only one place to put this structure on Sue's property. One wall of the carport will be three feet from the property line, due to site constraints and the size required to park a car.

Please have a look at the attached drawings of the proposed carport, and give me a call with any questions.

It would be helpful if you could sign this letter to note that you have no objection to this proposed addition.

Sincerely,

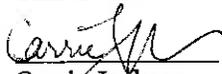

Jon Chambers, AIA, LEED AP

CITY OF BOULDER
BOARD OF ZONING ADJUSTMENT
ACTION MINUTES
July 11, 2013, 5 p.m.
1777 Broadway, Council Chambers

Board Members Present: Laura Coates Thomas Krueger, Ellen McCready, David Schafer
Board Members Absent: Michael Hirsch
City Attorney Representing Board: Erin Poe
Staff Members Present: Brian Holmes, Robbie Wyler, Susan Meissner, Glenn Magee

1. CALL TO ORDER:

T. Krueger called the meeting to order at 5:01 p.m.

2. BOARD HEARING:

Docket No.: BOZ2013-07
Address: 2020 Goss Street
Applicant: Elizabeth Rose Dykes

Setback Variance: As a part of a proposal to construct a new second floor addition on an existing non-standard building on a non-standard lot; the applicant is requesting a variance to the side yard and combined side yard setback requirements of the RMX-1 zoning district. The addition is proposed with the following: a west side yard setback of 4.2' where 5' is required and where 4.2' exists; and a total side yard setback of 6.2' where 15' is required and where approximately 6.2' exists. Section of the Land Use Regulations to be modified: Section 9-7-1, BRC 1981.

Staff Presentation

R. Wyler presented to the board.

Applicant Presentation

Rose Dykes, the applicant, presented to the board.

Board Discussion

L. Coates supported the application. She did not think the variance would make a large impact on surrounding properties.

E. McCready thought this was a minimal solution that made more sense than the by-right alternative. She noted that there is more development potential on the site and explained that future development should not be permitted to align with this variance, if granted.

D. Schafer supported the proposal noting that it would not negatively impact the neighborhood.

T. Krueger agreed that the proposal met the criteria for minimal amount of variance to provide relief for the question at hand and would allow the current owner to occupy the residence.

Motion

On a motion by **E. McCready**, seconded by **D. Schafer**, the Board of Zoning Adjustment approved 4-0 (**M. Hirsch** absent) the application (**Docket 2013-07**) as presented.

3. **GENERAL DISCUSSION:**

A. Approval of Minutes

On a motion by **D. Schafer**, seconded by **T. Krueger**, the Board of Zoning Adjustment approved 4-0 (**M. Hirsch** absent) the June 13, 2013 minutes.

B. Matters from the Board

C. Matters from the City Attorney

D. Matters from Staff

Council Chambers Remodel Discussion

G. Magee presented the item.

This was **L. Coates** last meeting. A new member should be appointed by the next meeting.

4. **ADJOURNMENT:**

There being no further business to come before the board at this time, BY MOTION REGULARLY ADOPTED, THE MEETING WAS ADJOURNED AT 5:38 P.M.
