Bike to Shop

Bike to Shop fosters community and reduces traffic congestion by offering incentives for both businesses and shoppers to increase their bicycle usage. Look for the Bike to Shop program at your favorite businesses.

Quick Avoiding traffic and parking hassles makes for happier customers

Economical If consumers spend less on fuel and parking, they'll have more money to shop at your business!

Environmental Cycling says no to climate change. Support efforts for a greener Boulder!

Healthy Biking is great exercise and Bike to Shop encourages helmet use. Get your *Bike to Shop* helmet sticker at Community Cycles. Visit www.CommunityCycles.org for more info.

Perfect Year-round mild weather, 360+ miles of bike facilities and infrastructure, why not make practical use of a locally favored pastime?!

City of Boulder Bicycling Rules

1. Obey all signs and traffic signals

Cyclists are subject to the same traffic laws as motorists. Stop completely at lights and stop signs.

2. Ride in appropriate areas

No riding on the Pearl Street Mall, or on sidewalks in commercial areas, unless the sidewalk is designated as a multi-use path.

4. No motors on sidewalks

Electric bikes, mopeds, motorized skateboards or motorized scooters are prohibited from using Boulder's paths or sidewalks. These vehicles may only be used on street.

5. Save a tree!

It's illegal to lock your bike to trees, fire hydrants or handrails, or to leave it locked in a public location for more than 12 consecutive hours.

6. Yield to pedestrians

They have the right of way.

7. How slow can you go?

Enter crosswalks at pedestrian speed or lose the right of way.

8. Watch your speed

The speed limit on multi-use paths is 15 mph unless posted for slower speeds.

9. Right right, Pass left

Always give an audible alert when passing others.

10. Never ride against traffic

Go with the flow. Ride single file on the right.

11. Use hand signals

Tell others when you're turning, slowing or stopping.

12. Lighten up

It's the law. Use a headlight mounted to your handle bars at night. Equip your bike with rear and side reflectors.

13. iDon't

Riding with headphones is illegal

Bike Parking Beyond Kickstands

Over 1,300 parking spaces are available in the downtown and University Hill Districts. This makes it convenient and easy for cyclists to ride their bikes to work, shopping, school, play, and then park at or close to their destination. Free bicycle parking racks are provided on street and within public parking garages.

Love your bike? Lock it up.

- Protect your bicycle with a high-quality lock. U-locks are best, followed by heavy-duty cable/key locks. Securely lock both wheels and frame to a bike rack, leaving minimal slack in the cable. Keep the lock as high off the ground as possible.
- Lock your bike in a conspicuous place where a thief is more apt to be noticed and tackled by fellow bike lovers.
- Secure detachable items such as pumps and seats to your bike or take them with you.
- Register your bicycle with the Boulder Police Department; call 303-441-3300.

Bike Rack Styles

Inverted U and Bicycle pole stands

This bike rack provides two points of contact for a bike and accommodates two bikes. Lean your bike along the side of the rack and secure with a U or cable lock.

Cora-style racks

Secure your bike perpendicularly to the rack by attaching your lock to one of the upright posts.

Covered Parking

Bicycle racks that are within the parking structure or under an attached awning can be found at:

- 11th & Walnut (Randolph Center)
- 11th & Spruce
- 15th and Pearl (Parking Services)
- 10th & Walnut (St. Julien Hotel)
- 14th & Walnut (RTD Bus Station)

Bike Lockers at RTD Facilities

RTD provides bicycle storage lockers at the downtown Boulder Transit Station, Table Mesa Park-n-Ride and many Park-n-Ride lots throughout the Denver metro area. Bike locker agreements and padlocks can be obtained at the Boulder Transit Center. For locker availability, call 303.299.2288.

RTD bike-n-Ride

Take your bike along!

Going between the Hill District and Downtown? Rack 'em up. Racks are provided on the front of all local buses and bikes may be transported in the luggage compartment on a space-available basis when you board regional buses at designated baggage stops.
