2A-funded Irrigation Work Started in the HCA

A notice went out to Hill Commercial Area (HCA) businesses with information on the preliminary work being done to prepare for the installation of HCA tree irrigation systems. Tree irrigation is one of the improvements funded by the 2014 'community, culture and safety tax' or '2A' ballot measure. The tree irrigation work includes the removal of dead or dying trees (e.g. those at risk of infection by the Emerald Ash Borer). All trees will be replaced.

HCA Tree Tagged For Removal

Other improvements include additional pedestrian-scale lighting in the Hill neighborhood and design/construction of the future 'event street' at 13th/Pennsylvania. Phase 1 of the work has begun on the north side of College and will continue around the corner to the west side of 13th Street.

Farewells and Appreciation

Hill retailer [Frisk Accessories](#) has moved its operations online after seven years in the Hill Commercial Area. Best wishes to owner Amanda Rubino, who helped found **The Hill Boulder** business association and who has served as a business representative on **UHCAMC** for the last two years.
