

# Boulder Transit Network

Showing local and regional RTD, City of Boulder and CU Boulder Routes.

## Route Prevailing Midday Frequency

The prevailing midday frequency is the typical interval in minutes between succeeding buses at each stop along a transit route.

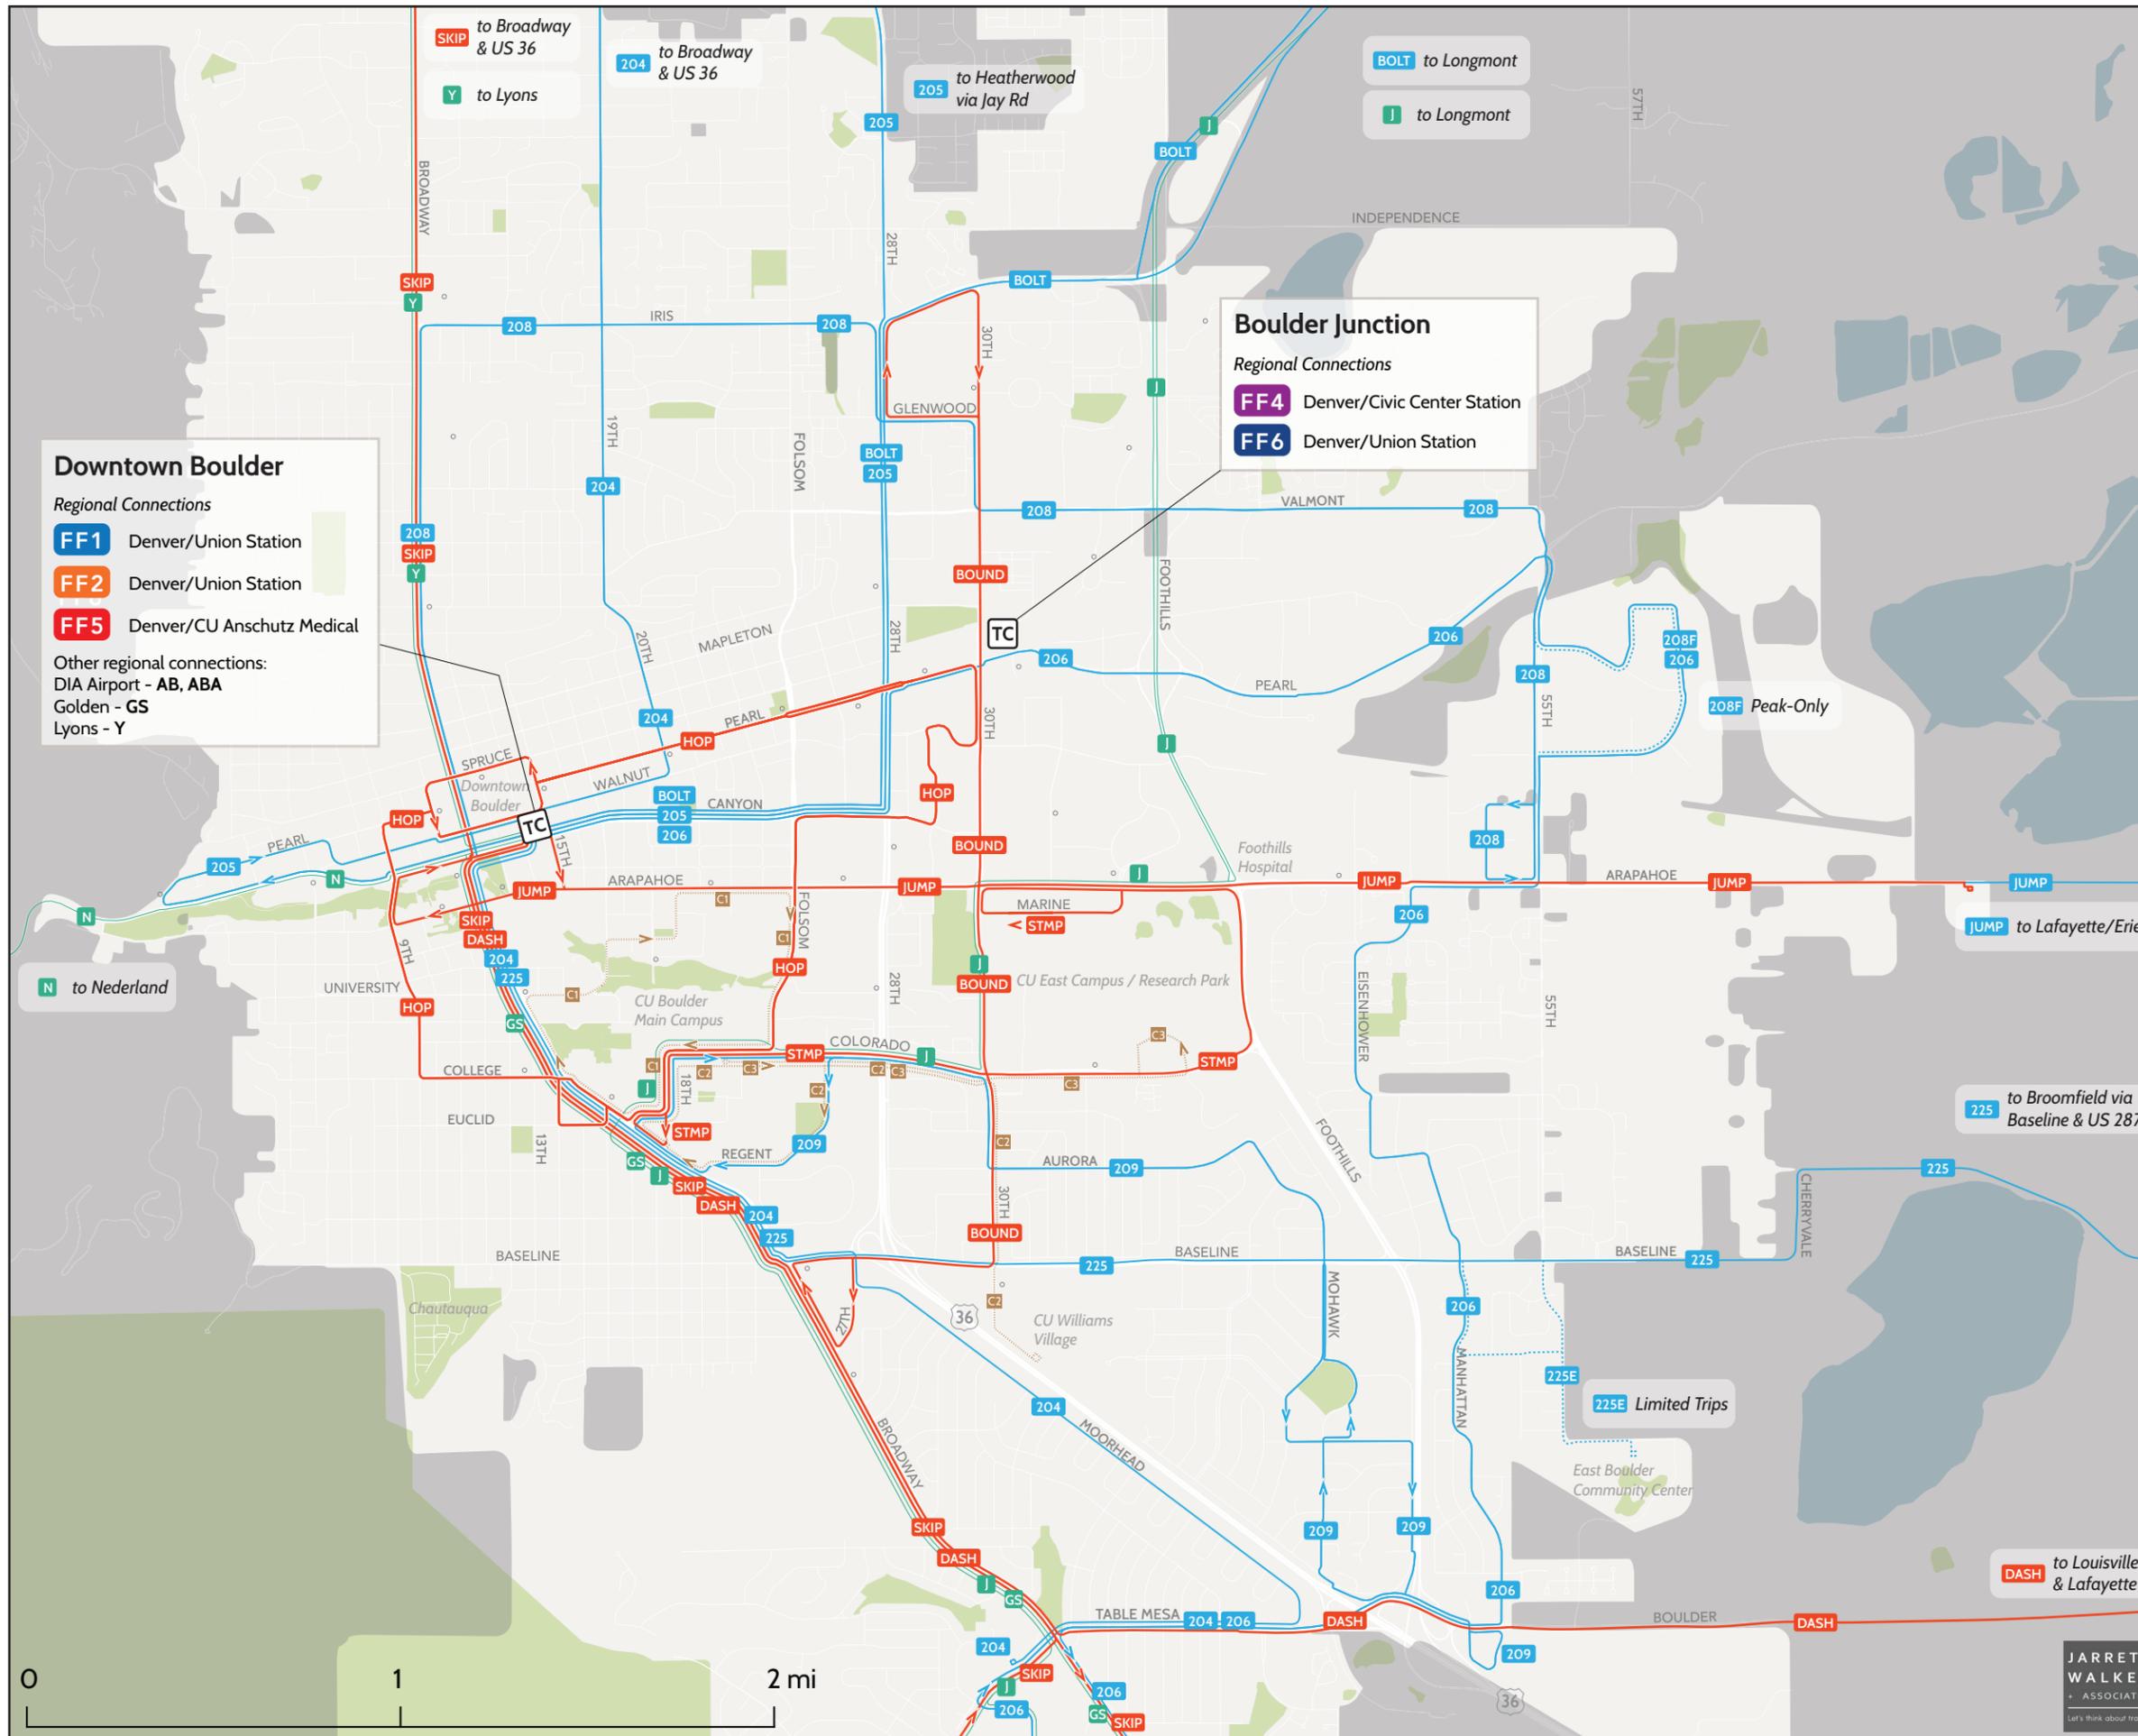

-  **HOP** 0-15 minutes
-  **225** 16-45 minutes (typically 30 minutes)
-  **J** Regional routes (typically longer than 60 minute frequency, or limited trips)
-  **C1** CU routes
-  One-way service
-  Route continues at lower frequency (turnback)

## CU Routes

These routes are operated by CU and are only open to students and others affiliated with the university.

-  **C1** Athens Court Shuttle  
AM/PM only. Every 15 minutes.
-  **C2** Will Vill (Brown Line)
