

How to Print Your Family Demographics from Infinite Campus

1. If you have an Infinite Campus parent log-in, please go to step #4.
2. If you do not have an Infinite Campus log-in, please contact your child's school to obtain one. If you have children in more than one school, we recommend you contact the highest level of school for the log-in. For example: If you have children attending Whittier Elementary and Boulder High, contact Boulder High for access to Infinite Campus.
3. Please Note: Not all of our schools use the Parent Portal thru Infinite campus. If your child's school does not use the parent portal, the school will need to print the Demographic Data for you.
4. To print your own Demographic Information from Infinite Campus, you will need to access the Infinite Campus Parent Portal:

Boulder Valley School District
Excellence and Equity

Home | About Us | New to BVSD? | Jobs @ BVSD | Schools | Contact Us | BVSD A-Z | Quick Links | Search this site...

From the main Boulder Valley School District webpage (bvsd.org), click on the Infinite Campus Student/Parent Portal link

This area of the BVSD front page is reserved for important alerts, such as school closures and delays. A green light indicates that schools are operating on their normal schedules.

Infinite Campus Student/Parent Portal | **Infinite Campus Educator/Staff Portal** | News Releases | Superintendent's Area | Parents and BVSD

5. Then log-in to Infinite Campus:

Infinite Campus

Welcome to the Boulder Valley Campus Portal!
Here you will find instant access to accurate, current and confidential information about your child(ren)'s school attendance, grades, class assignments and more!

[2012 TCAP Growth and Achievement Reports](#)

Click on the link above or on the image below to view your student's latest TCAP Growth Report. The link will open a new window and you will be asked again to login using your Parent Portal credentials. Follow the links to display the report (report is in PDF format and will require an application on your computer that can handle that format, i.e. Adobe PDF Reader, Mac users will need to download the report prior to viewing it).

This will only work from a parent's portal account. Student portal accounts are not able to display the chart. If you do not have a parent portal account, please contact your student's school and request an account.

Math

Grade	Scale Score	Achievement Level	Growth Percentile	Growth Level
Grade 5	588	Advanced	30	Low
Grade 6	576	Proficient	33	High
Grade 7	627	Advanced	54	Typical
Grade 8	636	Advanced		
Next Year
