

FLOOD SAFETY

BE PREPARED

STAY INFORMED

PROTECT YOUR HOME

MITIGATE SEWER BACKUPS

SAVE WATER

Flash "Flood" Drive

Keep important information ready in case of emergencies. Store items on this water-resistant flash drive.

Details:

- Water-resistant USB.
- Store important documents and health information.
- Preloaded with the city's Community Guide to Flood Safety.

Free

Flood Seminar

Free seminar on how to reduce flooding in your home. Learn about sewer backups, sump pumps and other "flood proofing" tips.

Details:

- Wednesday, September 16, 6 to 8 p.m at the Boulder REI.
- Free admission.
- Register today. Space is limited!

Free

Weather Radio

Receive the most up to date national weather forecasts, watches, warnings and other hazard information with this travel size radio.

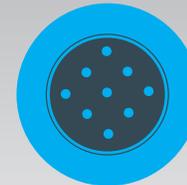

Details:

- Recommended by Office of Emergency Management.
- Has Specific Area Message Encoding (SAME).
- Portable and trilingual.

Free

Drain Check Valve

Help mitigate sewer backups by installing a floor drain check valve. A float rises to help seal the drain if the sewer begins to back up.

Details:

- Free install with the purchase of a toilet upgrade.
- Free two inch floor drain check.
- \$50 for a flood drain check valve and installation.

Free - \$50

Toilet Upgrade

Receive a free ultra high-efficiency toilet with the purchase of a low-cost toilet install or visual check on the self-install option.

Details:

- Supplies are limited. Get a free 0.8 gallon-per-flush toilet with a paid install.
- Limited to one per residential water utility account.
- Old toilet is recycled.

\$75- \$125

SUPPLIES ARE LIMITED! CLICK HERE TO SIGN UP FOR ANY ONE OF THESE OFFERINGS
