

# Marijuana

September 29, 2015

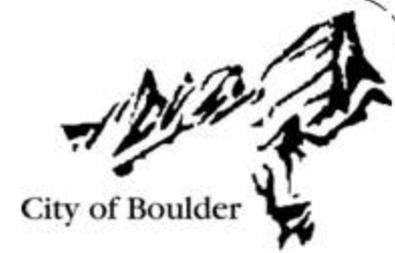

# Purpose

City of Boulder

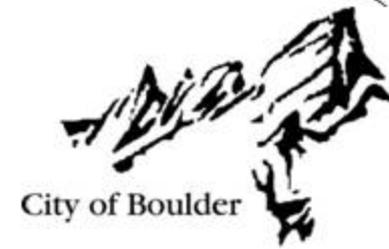

- To consider amendments proposed by staff to the city's marijuana codes.
- To also consider amendments proposed by Council Member Cowles.
- To provide Council direction on potential additional amendments to the marijuana codes.

# Staff Proposed Changes

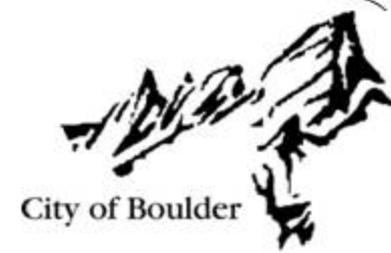

- Clarify that Seeds Can be Sold
- Regulation of Home Extraction of THC
- Allowing Transport between Cultivation Facilities
- Clarifying that the Sale of Logo Items is Permitted
- Clarifying Carbon Offsets

# Other Proposed Changes

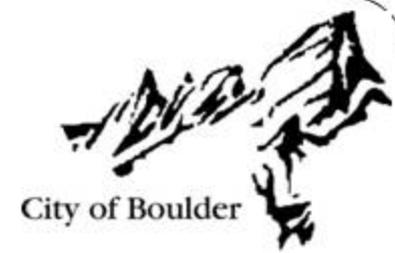

- Eliminate the requirement that Marijuana Infused Products businesses receive seventy percent of their marijuana from cultivation facilities in Boulder.
- Eliminate the zero tolerance language in the legislative intent section and replace it with a provision making clear that warnings are not required.
- Eliminate the deadline for conversions from medical to recreational marijuana businesses.
- Allow for alternative means of providing for the security necessary to secure cash and marijuana.

# Goals of Marijuana Regulation

- Limit Diversion
- Limit Access by Youth
- Limit Impacts on Other Businesses
- Limit Impacts on Residents
- *Promote Industry?*

# Questions for Council

- Are there areas of the law that council members would like to address?
- Are there underlying policies that council members would like to reconsider?
- What is the best forum for addressing these concerns?
