Lauren Kilcoyne	kilcoynel@bouldercolorado.gov	720-564-2015	Financial

*Address for proposal submissions

DATES

Request for proposals issued: **Oct 7, 2016**

Proposal deadline: **Jan 13, 2017**

Award notifications: **Feb 24, 2017**

SYNOPSIS

The City of Boulder Open Space and Mountain Parks Department (OSMP) has funding available through its [funded research program](#) for scientific inquiry on OSMP lands.

IMPORTANT INFORMATION

- Preference will be given to original proposals that address topics identified as [Priority Project Topics for 2017](#). However, all proposals will be considered based on their merits.
- The maximum award amount is not capped, but preference will be paid to reasonable budget requests (**new for 2017**).
- Funding commitments are limited to an annual basis, but multi-year projects are encouraged.
- Proposals must follow the [format guidelines](#) exactly.
- Proposals that do not require OSMP funding may be submitted through our unfunded research program.
- Funded researchers are strongly encouraged to present at the annual research symposium to be held in Spring of 2018.
- Final reports must follow scientific format and will undergo receive staff review (format and review guidelines provided at time of award).

INTERAGENCY RESEARCH (**new for 2017**)

Did you know that [Boulder County Parks and Open Space](#) (BCPOS) and [Jefferson County Open Space](#) (JCOS) also fund research? To discuss the possibilities of a shared research project, please contact [Brian Anacker](#), [Scot Grossman](#) (JCOS), or [Amanda Hatfield](#) (BCPOS) to discuss custom application procedures.
