- **Welcome and Ground Rules** – *Chair*
- **Public Comment Period** (approx. three minutes per speaker) – *Public*
- **6/1/2020 Minutes** – *To be prepared for the next scheduled meeting*
- **[Use Table](#) & Zoning Districts work session** 1 hour 45 minutes (as needed) – *Subcommittee & Staff*
 - **Follow up from June 1st discussion** (clarification on RMX-1 and RMX-2 zoning districts)
 - **Review edits to the Use Table matrix** (*work in progress*)
 - **Community engagement strategy discussion**
 - What's important to hear from the community?
 - Is there an openness to small scale, limited, mixed-use in certain locations (multi-modal corridors, corners) in areas that may not have as much mixed use (e.g., residential & industrial zones)?
 - If so, what limitations/use characteristics would make such uses fit better into neighborhoods, increase access and encourage walkability?
 - What would residents want to see in their existing neighborhood centers in terms of uses to make them more functional? (e.g., Community Plaza, Meadows, Table Mesa, Basemar etc.)
 - Do people agree about adding residential in appropriate locations within industrial zones?
 - What is the community's feedback on specific changes identified by the Use Table subcommittee?
 - Key topics for discussion
 - Online tools (city code change website, Be Heard Boulder)
 - Neighborhood outreach (Next Door, Zoom meetings?)
 - Visuals/mapping (online mapping exercises?)
 - Handouts/Understandable language about ideas for changes
- **Next Steps** *Subcommittee & Staff*
