Approximate September 2013 Flood Extents

DRAFT

Boulder Creek
Bluebell Canyon Creek
King's Gulch
Skunk Creek
Bear Canyon Creek
Anderson Ditch
Viele Channel

Fern Creek
culvert undersized

Map Revision Date: 11/12/13

NOTE: The approximate 2013 flood extent data was developed using field surveys completed by City of Boulder staff and consultants, Digital Globe Worldview-2 satellite imagery (9/13/2013), and public input from Boulder Crowd Sourcing online map as well as discussions with affected property owners. The flood extent data is current as of 10/16/13 and does not reflect information received from recent community meetings.

The approximate 2013 flood extent data does not supersede the Special Flood Hazard Area Designation (SFHA), or 100 year floodplain, used by FEMA for Digital Flood Insurance Rate Maps or the proposed floodplain delineations from ongoing flood studies.

The information depicted on this map is provided as graphical representation only. The City of Boulder provides no warranty, expressed or implied, as to the accuracy and/or completeness of the information contained hereon. The data is currently under review by the City of Boulder attorney's office.
