		1								1								Moved from Boulder because I loathed the people here. I wouldn't even consider moving back.
		1							1									Buying food and groceries is hard here, especially for commuters because we don't have our own cars.
		1				1			1					Connections timing		1		
		1								1								More restaurants convience stores like 7-11. Live downtown Boulder, love it.
		1					1				1							
		1							1									Need better bus shelters! Parking lot at 55th is a ghost town - could be used much better. Jump is frustrating -

Smaller, affordable housing, 700-1200 SF. Would love to buy something

Maybe, probably live closer to Pearl and activities

Restaurants in East Boulder close down on weekends. Prices for housing would have to come way way down.

Less congestion, lower temperatures, flow, better views, transportation

Lack lot, big house affordable. Like being able to walk to food and such for lunch. Too hard to drive to get lunch during lunch hour.

location commuting? Community

Too expensive

Live in Westminster because it is centrally located for her and her husband's jobs. And Boulder is way too

Central, money

Prefers Mead

Lives in East Boulder because she likes parks and bike paths

Question	Do you live in Boulder?		If no, please tell us where you travelled from today		How did you get here today?				How often do you visit this trail?				My experience along the Boulder Creek Path in East Boulder is...				What makes your experience either poor or good?	If appropriate housing were available, would you consider living in East Boulder?		Comments		
	Response	Yes	No	Count	City	Drove	Rode the Bus	Biked	Walked	Daily	> one time per week	< one time per week	Never	Excellent	Good	Poor	Very Poor	Yes	No			
																				After rain/flood - gravel on path		More housing for east boulder please!
																				E-devices travel too fast, but only occasionally; most adhere to courtesy guidelines		More homeless on east side of town; more theft
								path												Path is wide enough and clear enough to avoid ped/bike conflicts		
								to work												Upkeep, enjoy walking along creek, animals		
																				Extend further north		
																				Homeless people under bridges		Currently lives here. Gargage on goose creek and boulder creek
																				Views of mountains, riding along creek is quiet, separation from cars		Getting better - appreciate improvement
																				Condition of path, bumps, slippery, etc. People resting under bridges for shade that I almost runover. Biker/walker		Love the bike access so far! Love seeing families playing in creek
																						? Some electric bike go fast on the path. Some corners are blind by tunnels. Dislike long, retractable leashes on dogs. Dislike people on phone on bike. Like wildlife and trees. Not like econmic opportunity area
																				Not a lot of walkers		
																				More trees		
																				Clean, line of sight is good. Good		
				Broomfield																		
				Littleton																There was some flooding		Painted bike lanes/trail
				Nederland				Carpooled												Big path, everyone can use it		
								path					Rarely							Clean, well-maintained. Clear directions, ease of use. Integration in infrastructure		
								path												Being outside in nature, active		flood management
								path												Being outdoors, nice place to walk		
				Superior. Lives out of state, visiting children																Keeps me away from cars; safe; width of trails is comfortable		but too expensive
																						Hate mid-block crossing flashing lights. They kill and maim. Out of town unfamiliar to car drivers. From a car boxed by trucks can't see lights. Pedestrians and bicyclists start going across after someone started crossing and lights go off mid-cycle. Flashing yellow used to mean proceed with caution. You need yellow to change to red for mid-block crossing. Free right turns are bad - NW corner, Baseline and Foothills. Bad visibility. Side berm, SE corner University and Broadway, cars too fast
																				Everyone needs to be aware of surroundings		Appreciate the architecture. Paved roads. Keep taxes down. Assessment very high this year.

			Longmont																										More bus routes	
																													Improve bus service in area	
																													Housing - affordable, condo, co-housing. Could never afford something like Parc Mosaic	
																													Lives in central Boulder and likes it better	
			Louisville																										Wouldn't move here, likes house in Louisville	
			Louisville																										Housing - to buy reasonably affordable < 600k	
																													Housing - sustainability, affordability, renewable resources and energy - no toxics. Not too big, live with in your means, sense of community.	
			Boulder																										Wouldn't live here - too many people. Lost true charm of a small town.	
																													Other businesses to look up - Art Parks, Raft (curriculum kits), retail space for up-cycled products, business incubator (fabrication), start-ups for recycled material, innovation hub for circular economy, maker space for the public and start-ups.
