

BOULDER BUILDING PERFORMANCE 2016 EXEMPTION REQUEST – LARGE INDUSTRIAL CAMPUSES

PLEASE COMPLETE THE FOLLOWING FORM AND CHECK THE EXEMPTION YOU ARE APPLYING FOR AND THE REASON. PLEASE PROVIDE THE REQUIRED DOCUMENTATION TO SUPPORT YOUR APPLICATION.

BUILDING OWNER (OR REPRESENTATIVE) NAME: _____

BUILDING ADDRESS: _____

PHONE: _____ EMAIL: _____

BOULDER ENERGY REPORTING ID (found on your notification letter and the [Affected Building List](#)): _____

EXEMPTION REQUEST

I am requesting an exemption from:

- Energy assessment and lighting upgrade requirements, for the following reason:**
 - The Large Industrial Campus is already achieving energy efficiency progress. *Please provide the following:*
 - Proof demonstrating that energy efficiency measures or on-site renewable energy sources have produced a reduction of total energy usage of at least two and a half percent (2 ½ %), annualized over four years (using the formula to calculate energy savings [here](#))¹; or
 - Justification and supporting documentation that demonstrates the large industrial campus has established an energy or emission reduction goal that is equivalent to that established by the city and the large industrial campus is making adequate progress toward that goal after at least two years of compliance with the rating and reporting requirement.

- The public disclosure requirement, for the following reason:**
 - Building information includes trade secrets, privileged or confidential commercial information.**² (Inefficient energy usage alone will not be considered confidential commercial information). *Please provide the following:*
 - A statement that includes the manner in which public disclosure would cause substantial hard to the owner's competitive position.

¹ The City will contact the owner or representative listed above to determine next steps for providing the required energy savings information after receipt of this form.

² If this exemption request is approved, the submitted information will not be publically disclosed. In the event a Colorado Open Record Act (CORA) request is made, the city will deny the CORA request based on this exemption. However, if this denial is challenged, the building owner must defend the exemption, not the city.

I attest that the exemption I have selected above is true and accurate to the best of my knowledge and I have provided the requested supporting documentation.
