

City of Boulder COVID-19 Safety Protocol for Programs

City of Boulder COVID-19 Safety Protocol

Thank you for registering for an OSMP program!

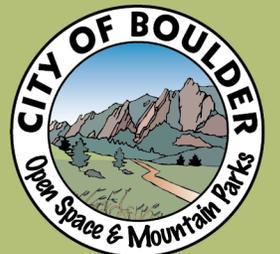

In response to COVID-19, we have some new protocols. Thanks for your attention and adherence to the following safety procedures.

This COVID-19 message will cover:

1. Safety During COVID-19
2. Choosing How & When to attend an OSMP program
3. Expectations and Requirements during COVID-19
4. What to Expect during your OSMP program.

OSMP
COVID-19 Program Safety

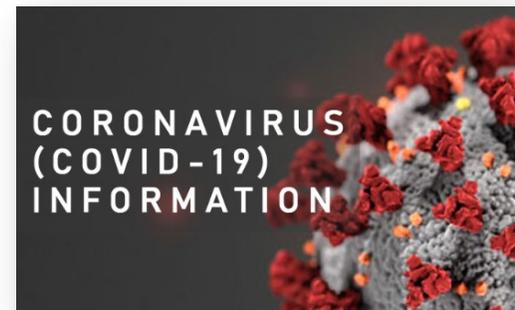

Safety for OSMP Programs During COVID-19

What actions are the City of Boulder taking to ensure the safety of the community, staff, and volunteers during the COVID-19 pandemic?

Safety for the Community During COVID-19

- ✓ Conducting a Symptom Self-Screening Before Leaving Home
- ✓ Personal Hygiene – Hand Washing
- ✓ Physical Distancing – Six Feet
- ✓ Bringing and Wearing Face Coverings
- ✓ Wearing Gloves when necessary
- ✓ Not Touching our Faces
- ✓ Continually Updating Safety Procedures
 - ✓ Based on the most up-to-date CDC guidelines and Boulder County Public Health recommendations.

Choosing to Participate in an OSMP Program

Have I had any recent likely exposures to the virus?

(e.g. recent travel, friends or family with symptoms, etc.)

- ✓ If so, wait to participate until you are more confident that you would not unknowingly share the virus with others.

Vulnerable Populations

- ✓ Vulnerable populations are at a higher risk due to the health inequities that are pervasive across systemic levels. For more information on 'vulnerable populations' and to assess your risk, please refer to the CDC webpage (link [here](#)).

Expectations and Requirements

Our priority is the health and safety of our community, volunteers, and staff. During COVID-19, program participants must be in total compliance with personal protective equipment (PPE) and personal safety requirements in order to participate.

Check for Symptoms Before You Arrive

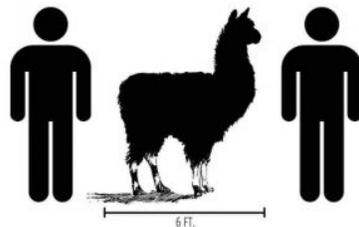

- ✓ Take your temperature. If it is over 100.4; or if you have a dry cough or shortness of breath; or recent loss of taste or smell, you may not participate in a program. Please stay home and cancel your registration. Review the CDC COVID Symptom page [here](#).

Bring and Use Hand Sanitizer

- ✓ Practice strong personal hygiene by using either hand sanitizer or biodegradable soap and water to wash hands frequently (i.e. before you arrive, and before and after touching common surfaces, such as tables, benches, water fountains, restroom doors, etc.).

SOCIAL DISTANCING

1. KEEP ONE LLAMA OF SPACE BETWEEN YOU AND OTHERS

Practice Physical Distancing

- ✓ Please maintain at least 6ft or more of physical distance between you and anyone not in your household.

Expectations and Requirements

How to prepare for an OSMP Program During COVID-19

Bring and Wear a Face Covering

Program participants and staff must comply with both the CDPHE [Public Health Order \(20-26\)](#) and the Boulder County [Public Health Order requiring facial coverings](#) and wear face coverings while interacting in close proximity with others.

A face covering:

- refers to a covering made of cloth, fabric or other soft or permeable material, without holes, that covers only the nose and mouth and surrounding areas of the lower face
- may be factory-made or handmade
- should fit snugly but comfortably against the sides of the face, allowing for breathing without restriction
- may either be constructed of disposable mask materials or include multiple layers of fabric that can be laundered and machine-dried without damage or change to shape
- **Don't have a face covering?** SEE LINK TO RESOURCES [HERE](#)

After Your Program Experience

Please help us keep the others healthy.

If you find out you have a presumptive positive or positive case of COVID-19 and **wish to self-report, please contact xxxx.** We will keep this information confidential and work to understand if other participants or staff may have been exposed.

Thank you!

By taking care of yourself, you are taking care of others. Thank you! We look forward to seeing you on the program.
