

# City of Boulder RESIDENTIAL EnergySmart Program-to-Date Progress Report

This page summarizes progress to date since October 2010 in achieving the goals of the EnergySmart services toward the Department of Energy Better Building Grant awarded to Boulder County. The Better Building Residential EnergySmart goal was to have 10,000 homes participate in the program by May 2013. EnergySmart was conceived and developed through a joint effort of Boulder County Commissioners' Office of Sustainability, Boulder County Public Health, City of Boulder and City of Longmont. ## PROGRAM PROGRESS

RESIDENTIAL UNITS PARTICIPATING IN ENERGYSMART

## IMPACT

WORK COMPLETED		LEVEL OF INVESTMENT		DEEMED ANNUAL SAVINGS*			
Number of Quick Installs	Number of Upgrades	Private Investment	Total Rebates Paid	kWh	Therms	Costs	mtCO <sub>2</sub>
35,855	6,976	\$10,948,125	\$1,499,209	2,762,384	731,582	\$795,661	6,102
Electricity savings to date from residential EnergySmart are equivalent to taking 1,325 cars off of the road!							

## HIGHLIGHTS

- 45% of participants in EnergySmart across Boulder County cited energy cost savings as their primary reason to participate. 44% cited Smart Regs as their primary reason to participate.
- Air sealing and attic/ceiling insulation are still the top two upgrades overall, and 4 solar PV projects were completed during Q3 2015 in Boulder.
- Each dollar spent on residential energy efficiency rebates from the EnergySmart partners leverages about \$7.30 in private investment.
- County-wide 13,157 total residences are enrolled.
- From July 2015 - September 2015 there were 53 City of Boulder owner-occupied properties enrolled in EnergySmart providing an average of around 18 per month

ENROLLMENT	ADVISING TO ACTION
	COB Owner-occupied units that make upgrades after receiving EnergySmart advising: <b>74%</b>
	COB Rental units that make upgrades after receiving EnergySmart advising: <b>31%</b>

\* Includes deemed savings from upgrades and quick installs.
