East Arapahoe Walkability Score

Write your total scores below from the previous sections, and add those numbers to get your total neighborhood walkability score.

<input type="text"/>	+	<input type="text"/>	=	<input type="text"/>								
Section 1		Section 2		Section 3		Section 4		Section 5		Section 6		Total Walkability

0-9	Very walkable	Celebrate! You have a great neighborhood for walking.
10-19	Walkable	Good. Some improvements can be made.
20-29	Somewhat walkable	Okay. The neighborhood needs work to improve.
30-39	Not very walkable	It needs a lot of work.
40-49	Not Walkable at all	Start working. Your neighborhood is not safe to walk.

Additional Feedback

1. What are your main reasons for walking in this area?
(i.e. commute, exercise, recreation, transportation, etc.)

2. What modes are you most likely to combine in one trip in this area? Why?
(bike to the bus stop, drive to work and walk to lunch, etc.)

3. What changes in the East Arapahoe Corridor would result in a better walking experience, or encourage people to walk more often, farther distances, or to new places?

Any other feedback?
