

Hanover Avenue
Multi-Use Path Project
Broadway to 46th Street

Next Steps and Project Communications

- Public comments received at this public meeting or online will be reviewed to understand community preferences and incorporated into the project design where feasible.
- The project design will be shared with the community in early 2015.
- Construction is expected to last two months. The start date has not been selected but may occur as early as Summer of 2015.
 - Traffic impacts will be posted on the www.boulderconezones.net webpage. You can sign up for weekly email updates on the webpage as well.
- Please view the project webpage for current project information.
