LANDMARKS BOARD REVIEW (LB)

Typical Projects:

New free-standing construction
(over 340 sq. ft.)

Demolition
(includes primary and/or accessory buildings designated as individual landmarks or within a district)

Application referred from LDRC

The Landmarks Board reviews new free-standing construction greater than 340 square feet, the demolition or moving of buildings, and applications referred from the LDRC.

Public hearings take place within 60 days of the receipt of a complete LAC application and are conducted as quasi-judicial proceedings. Following the public hearing for the LAC, a Notice of Disposition is sent to City Council outlining the Board's recommendation. City Council has 14 days to call-up a decision of approval made by the Landmarks Board. If the Board votes to deny a Landmark Alteration Certificate application, the City Council has 30 days to call-up the decision.

Tip: Projects that require full Board review should be presented to staff early in the planning process, before detailed drawings are initiated. Please contact staff prior to submitting an application for full Board review; these reviews are often complex.

A complete application submittal includes:

- LDRC requirements (listed on the previous page)
- Written project description
- 7 copies of project drawings, including side-by-side existing and proposed conditions (preferably 11"x17" or 12"x18") plans, including:
 - Scaled site plan (existing and proposed)
 - Scaled elevations for all sides of the building at 1/8" or 1/4" scale
 - Sketches, as needed
- 1 copy of any color renderings or photographs, color samples, etc. (preferably no larger than 11"x17")
- 1 digital copy of all materials submitted in a PDF file format

At the request of staff or the Board, the following may also be required:

- Building sections
- Methods of restoration
- 3-D modeling
