

Ideas Competition Approaches to the Bandshell

Relocate the Bandshell Within the Civic Area

Library Lawn

Linear to Central Park- mimic Pritzker Band Shell cover, elevate shell 5 ft, extend the stage, add service building

MicroBoulder- moved opposite the Municipal Bldgs to create cultural zone

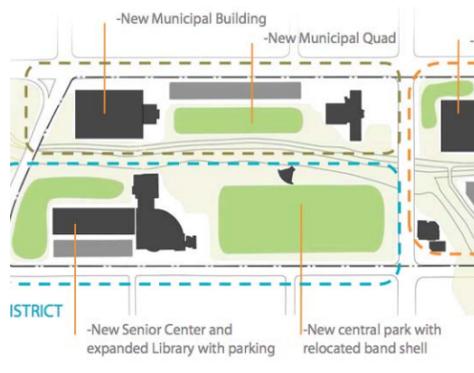

Agent Space

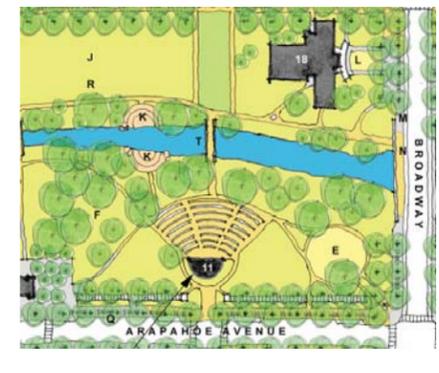

South of Creek

Civic Art- "enhances its functionality while maintaining its architectural significance." "accommodates 4000"

Building Locale- "new public space is scaled for community events and outdoor performances away from busy streets." "Underutilized historic structure is placed back into civic use."

Sunday in the Park- "amphitheatre & summer film," "The outdoor spaces are larger and open for events (both cultural such as the amphitheatre and recreational)..."

Central Park

Vision Project- "Relocate the Band Shell outside of the High Hazard Zone." "Remove the Bench Seating." "Regrade the seating for multi-use events." "Provide views to the Flatirons."

Vision Project (different orientation)

BOVISION- "new placement for music concerts venue & community events." "new fabric tension cover for seating area."

ONE Park- "Relocate band shell for improved operations [...] buildings create an architectural edge to the Great Lawn"

OurSpace

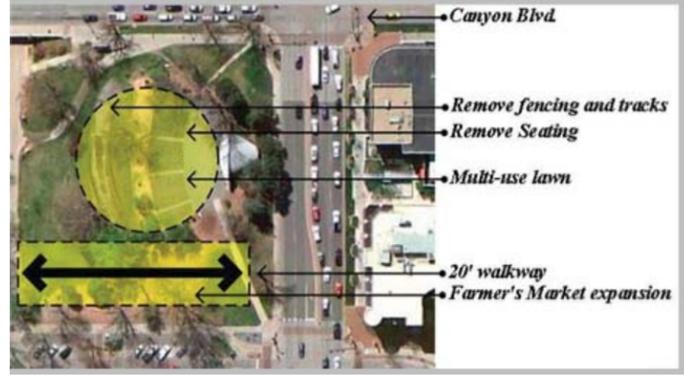

Reconfigure the Bandshell Site

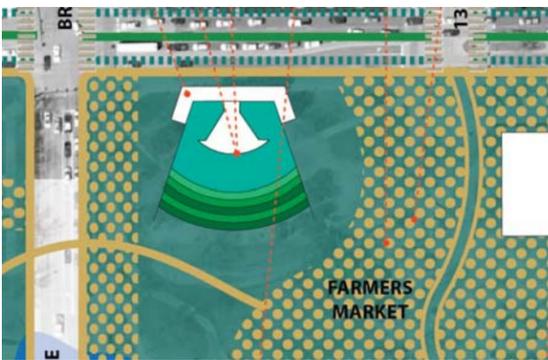

Cultivate, Educate, Celebrate
Vision Project- "retain landmark music shell as icon."

Re-imagining a Civic Identity- "Connections throughout the site emphasize walkability and bicycling"

Catalytic Projects- "Remove Band Shell seating & grade flat." "Remove railroad tracks and fence [...]" "Replant with turf for multi-use activities."

Parks, Water, People- "New public restrooms added. Climbing wall on back of bandshell. Remove benches and make contoured grass seating. Drop down screen for movies."

Five Points- "Addition of flood detention pond in front of bandshell temporarily stores water during storm events"

The Creek District- "the bandshell's wooden seating will be replaced by gently sloping landscaped terraces."
