

**Neighborhood Liaison Candidates
May 2015**

Jamie Harkins

Current Position: Sustainability Specialist – City of Boulder, Boulder, CO

Education: Master’s in Environment Economics and Policy, Duke University, Chapel Hill, NC

Jamie Harkins has over five years of experience working with Boulder residents and community groups in the areas of renewable energy, energy efficiency, and waste reduction. Her projects include collaborating on the development of EnergySmart energy efficiency programs, the Zero Waste Strategic Plan, a business zero waste advising service, the Disposable Bag Ordinance, and the Boulder Energy Challenge. She has led efforts to improve community engagement, including the launch of social media channels, the Inspire Boulder website, and other efforts with various city projects to reach a diverse audience.

Amanda Nagl

Current Position: Neighborhood Administrator - City of Fort Collins, Fort Collins, CO

Education: Master in Organizational Development/Human Resource Management, Colorado State University, Fort Collins, CO

Amanda Nagl has over 13 years of municipal government experience with a focus on community services, community engagement, and restorative justice. She possesses diverse leadership, management, program development and fiscal skills. Amanda specializes in creating opportunities for communities and individuals that engage individuals to provide input and work together to improve processes, solve problems, make decisions, and/or resolve conflict. She is trained in mediation as well as community group conference facilitation.

Erynn Simone

Current Position: Program Coordinator - City of Boulder Parks and Recreation Department, Boulder, CO

Education: Master’s in Environmental Leadership, Naropa University, Boulder, CO

Erynn Simone has over 10 years of experience in the non-profit sector. Erynn is experienced in developing and fostering community partnerships and directing community based outreach programs. Throughout her education and career, she has focused on providing place-based opportunities and services for all. She has managed large-scale community outreach projects such as Kids to Parks Day and grant-funded educational engagement events such a Super Science Saturdays at the National Center for Atmospheric Research. In addition to her degree from Naropa University, her education there also included Authentic Leadership Training and Certification and Non-Violent Communication Certification.
