Progress Update and Timeline

OPEN SPACE BOARD OF TRUSTEES

JULY 8, 2015

PLANNING PROCESS

Phase 1 Inventory and Assessment

PURPOSE: Share knowledge of the current conditions of recreational, natural, cultural and agricultural resources.

RESULTS: Inventory and Assessment Report.

KEY INPUTS:

- Community knowledge of visitor experiences, resources, what is functioning well in the North TSA and what needs improvement.
- Staff-prepared information on recreational, natural, cultural and agricultural resources.

Phase 2 Interests and Issues

*An interest is the WHY behind the WHAT.
An issue is WHAT may need to be changed.*

PURPOSE: Share knowledge about desired outcomes and topics that will guide the development and assessment of alternative scenarios and recommendations for the draft plan.

RESULTS: Desired actions for consideration in scenario development.

KEY INPUTS:

- Community interests about desired plan outcomes and why the outcomes are wanted.
- Discussion of issues that could pose a challenge in the North TSA.
- Community dialogue about what is learned and can be implemented in the North TSA and why.

Phase 3 Draft Plan Development

*A scenario is a set of potential actions
that addresses interests and issues.*

PURPOSE: Assess alternative scenarios and integrate preferred recommendations into a draft plan.

RESULTS: Preferred scenarios compiled into a draft plan.

KEY INPUTS:

- Draft alternative scenarios developed by staff to achieve identified interests and objectives.
- Community feedback on draft scenarios to inform preferred scenarios and recommendations.

Phase 4 Plan Acceptance

PURPOSE: Review draft plan and approve final plan.

RESULTS: Final North Trail Study Area Plan.

KEY INPUTS:

- Community review.
- Open Space Board of Trustees review and approval.
- City Council review and acceptance.

North Trail Study Area Plan

North TSA Plan Timing Considerations

- Maintain an aggressive schedule to make meaningful progress on the plan while ensuring quality deliverables.
- Important to keep community thoughtfully and positively engaged throughout the process when there is a lot of information to take in, understand and share feedback about.
- Even with these adjustments — very tight schedule for staff to develop initial scenarios and then preferred scenarios and also integrate community and board feedback.
- Changes include delaying Agricultural Resource Plan given overlapping staff demands.
- Provide clarity for the steps and timing involved with plan review.
