

North Trail Study Area Plan

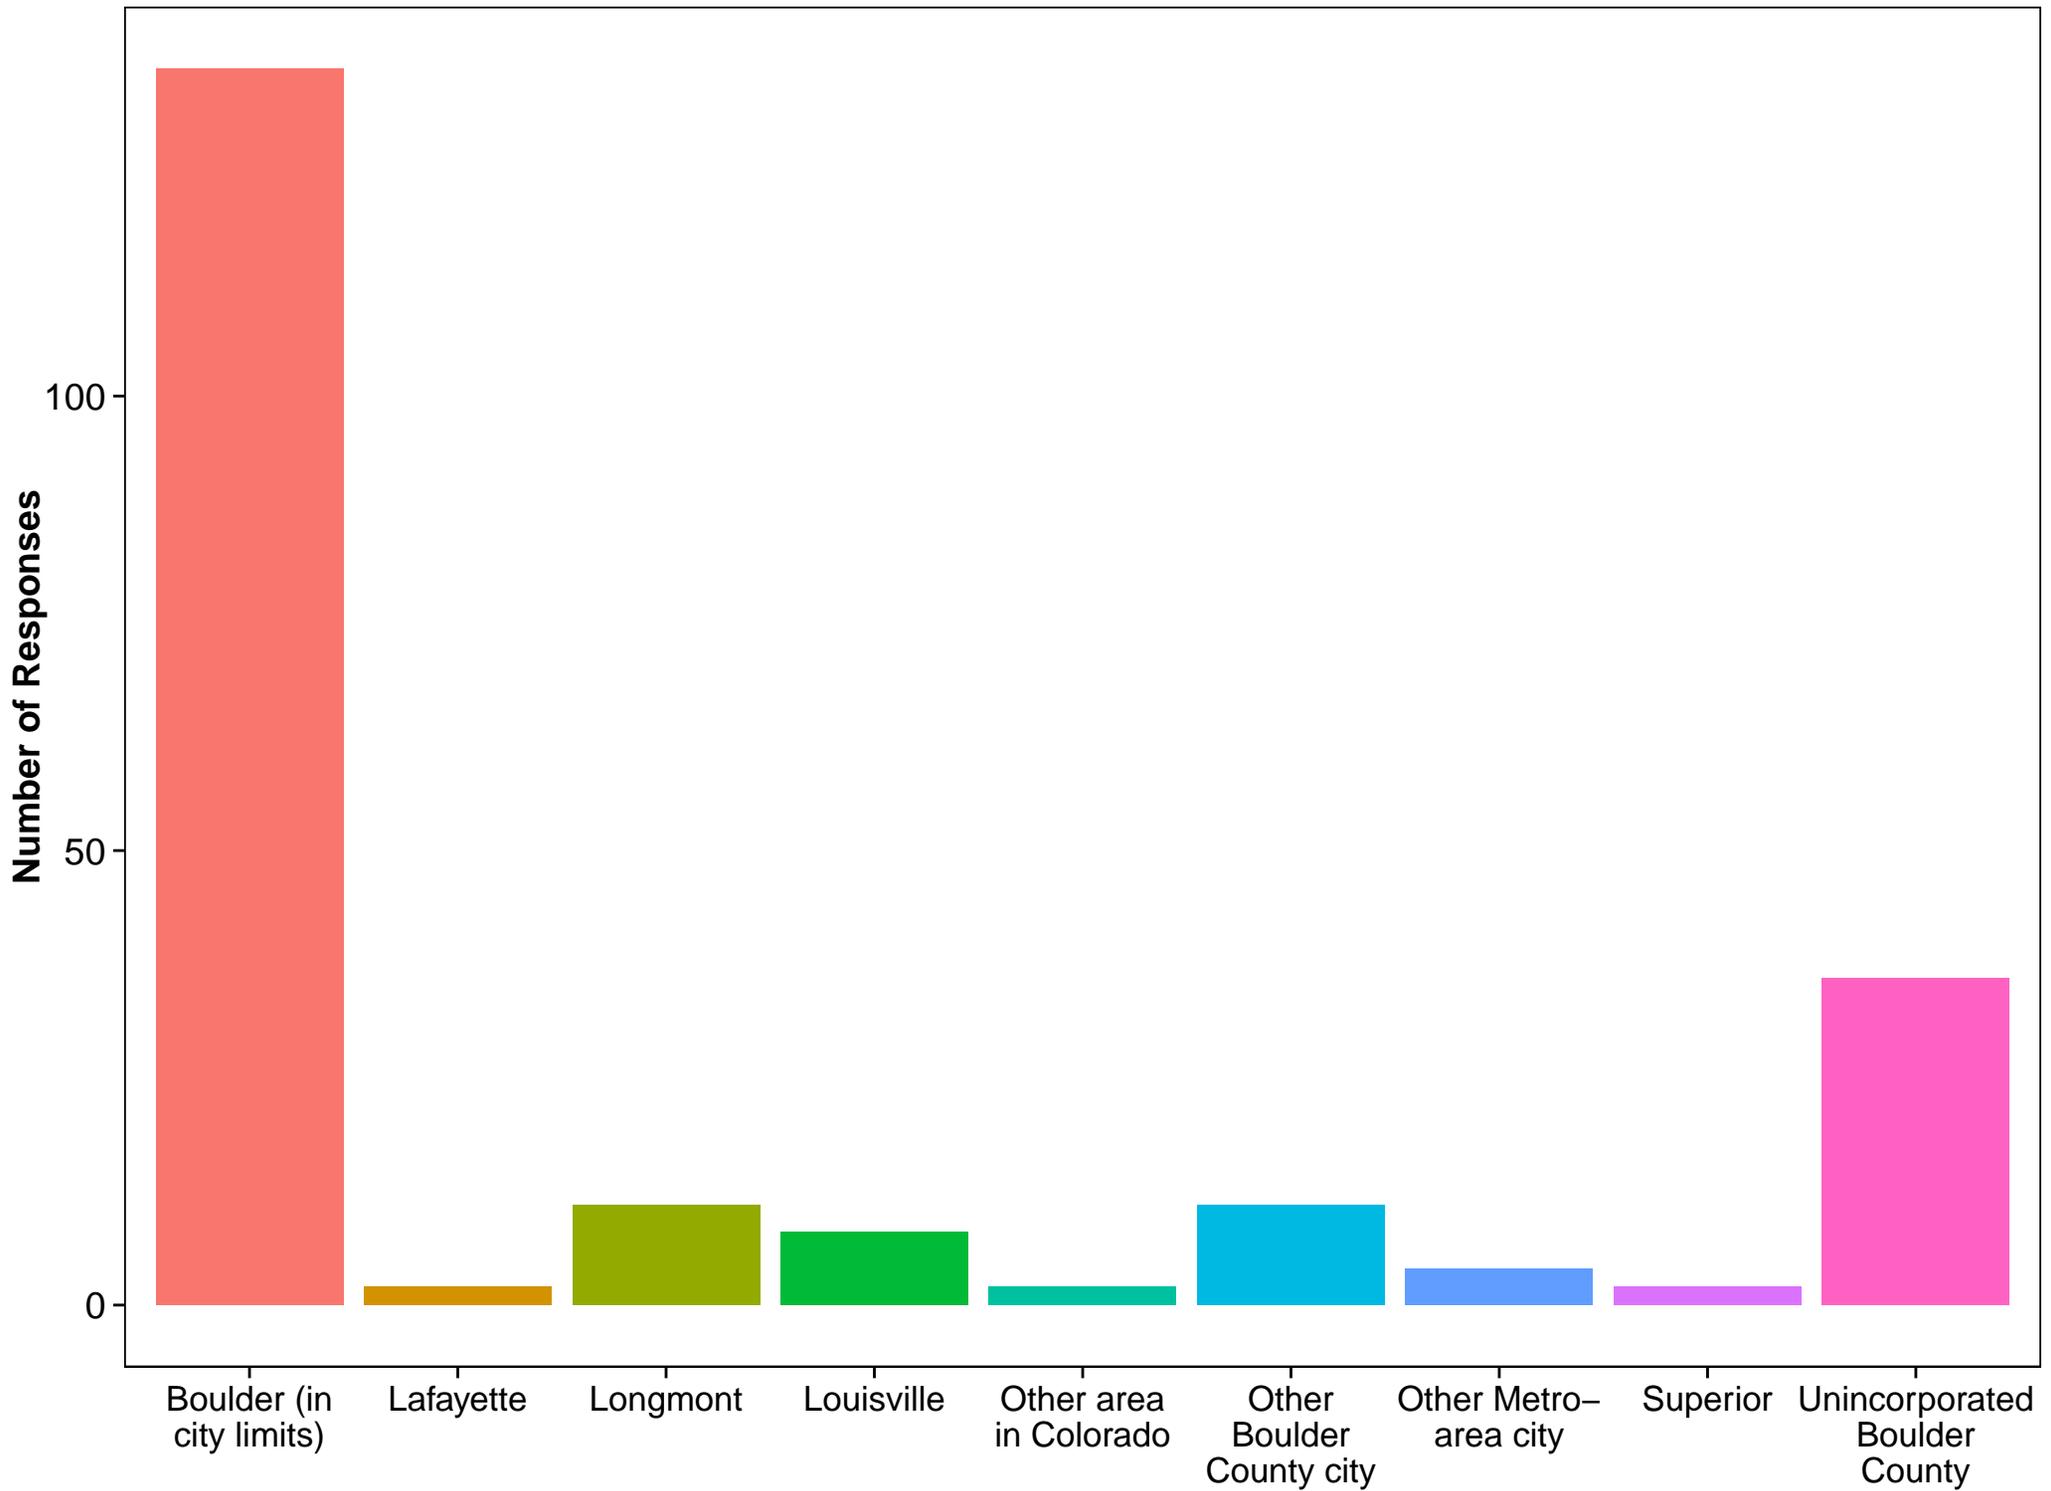

Scenario Survey: All Data

- * This survey result document includes all information collected from the survey.
- * It includes data from a location that completed the survey 17 times.
- * It also includes data from respondents, who because of an error in three survey questions, marked multiple fields.

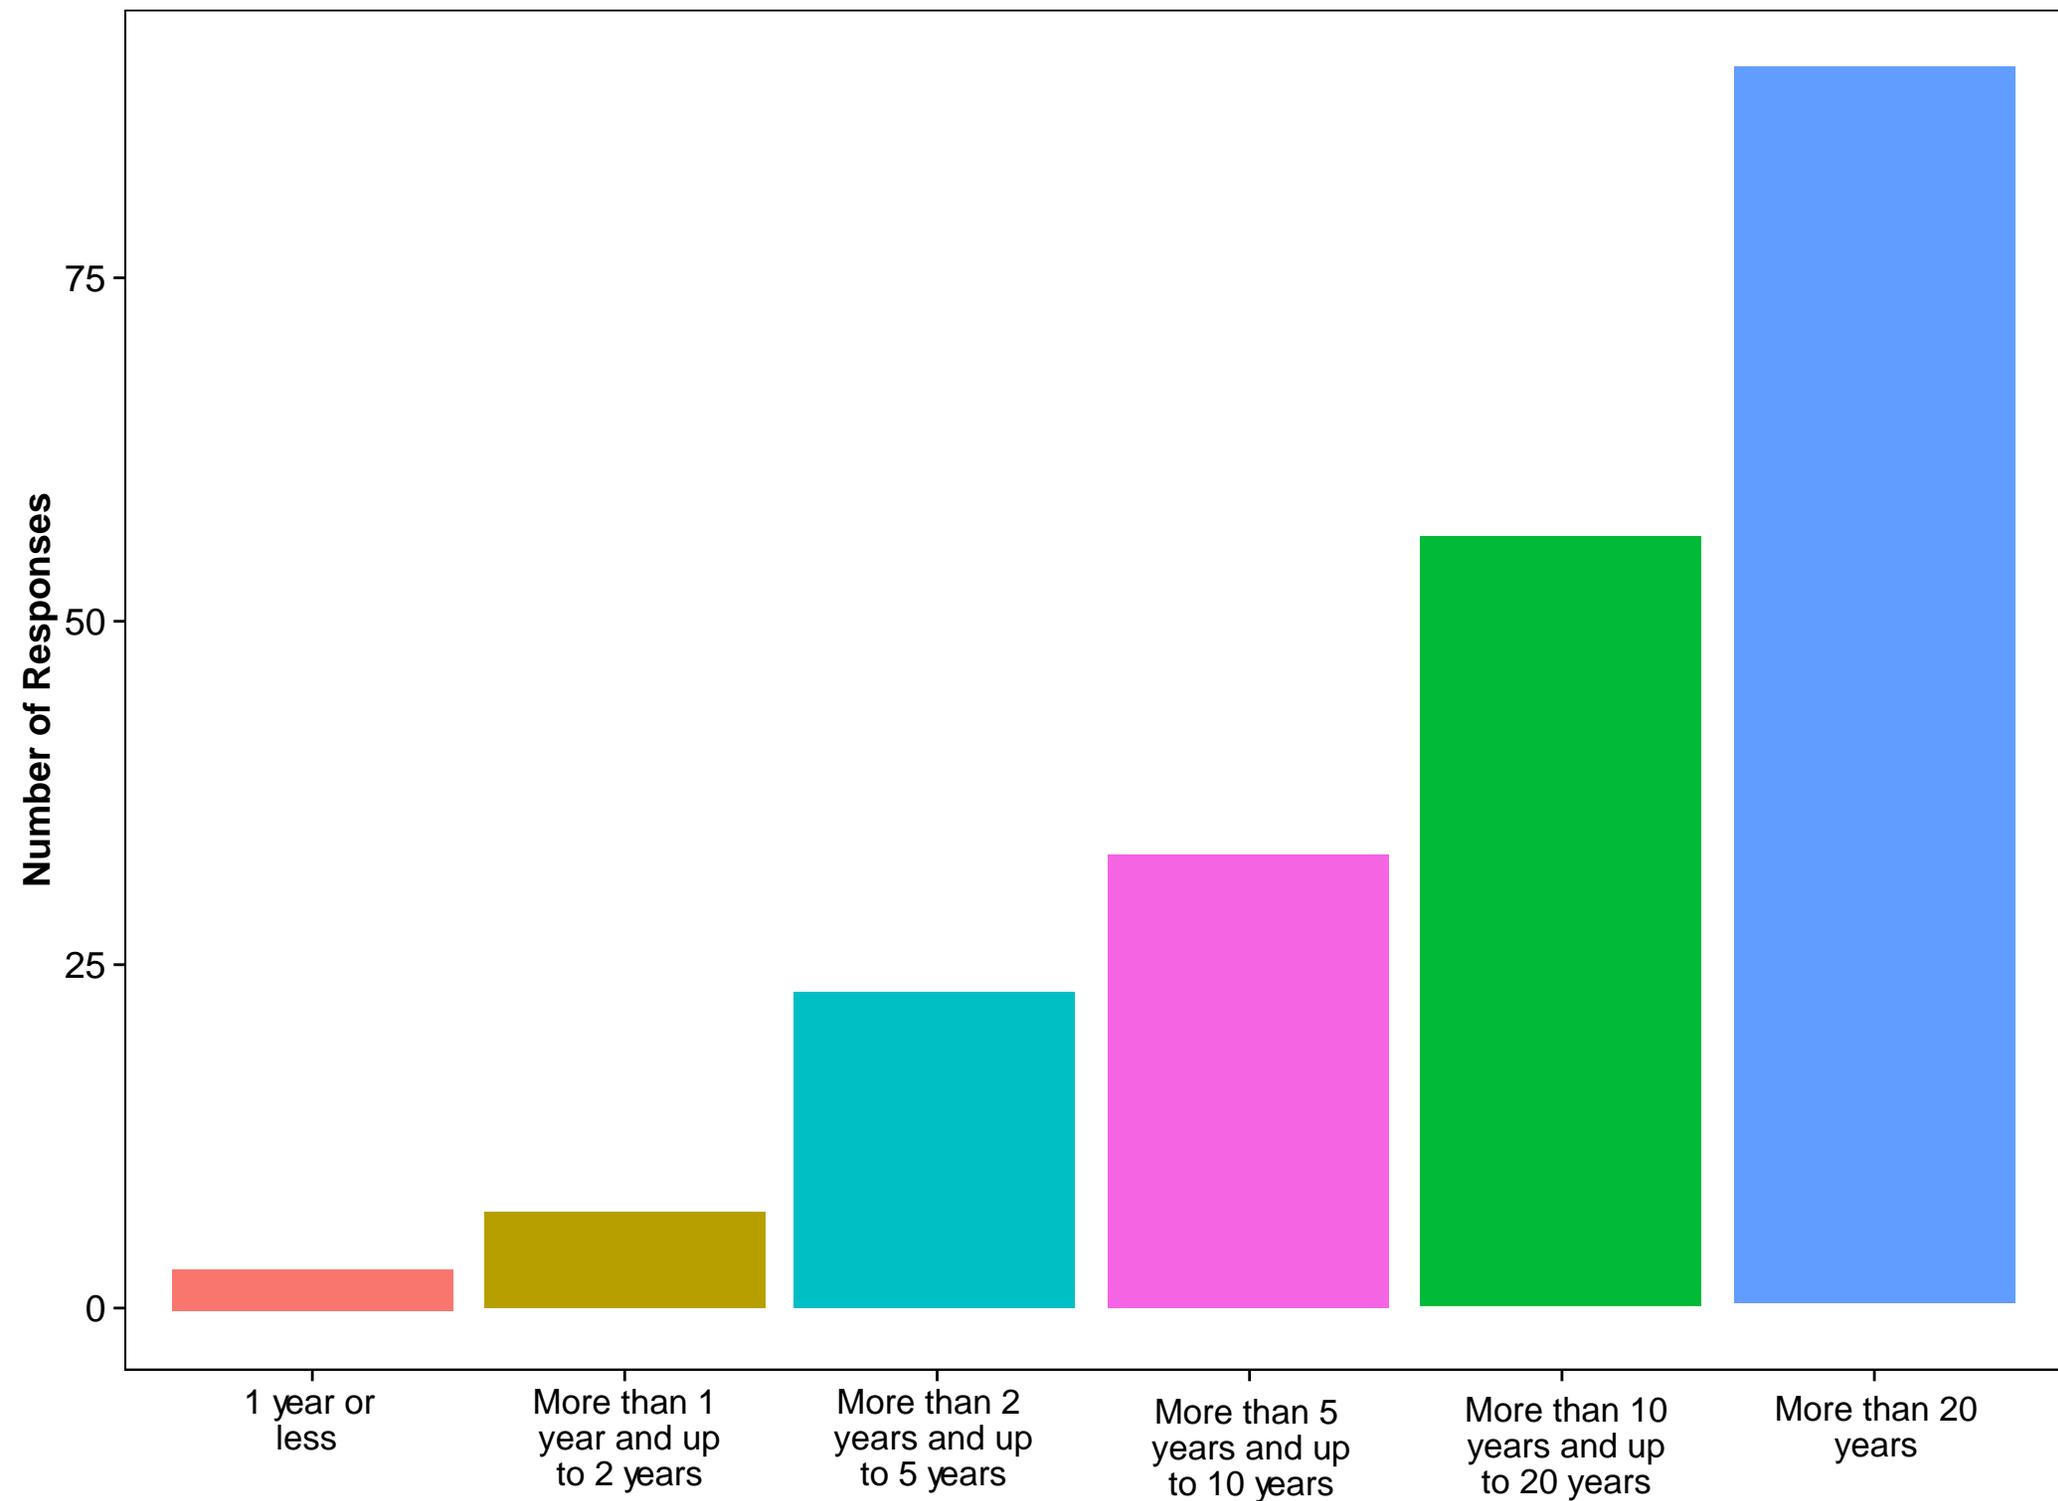

What is your age?

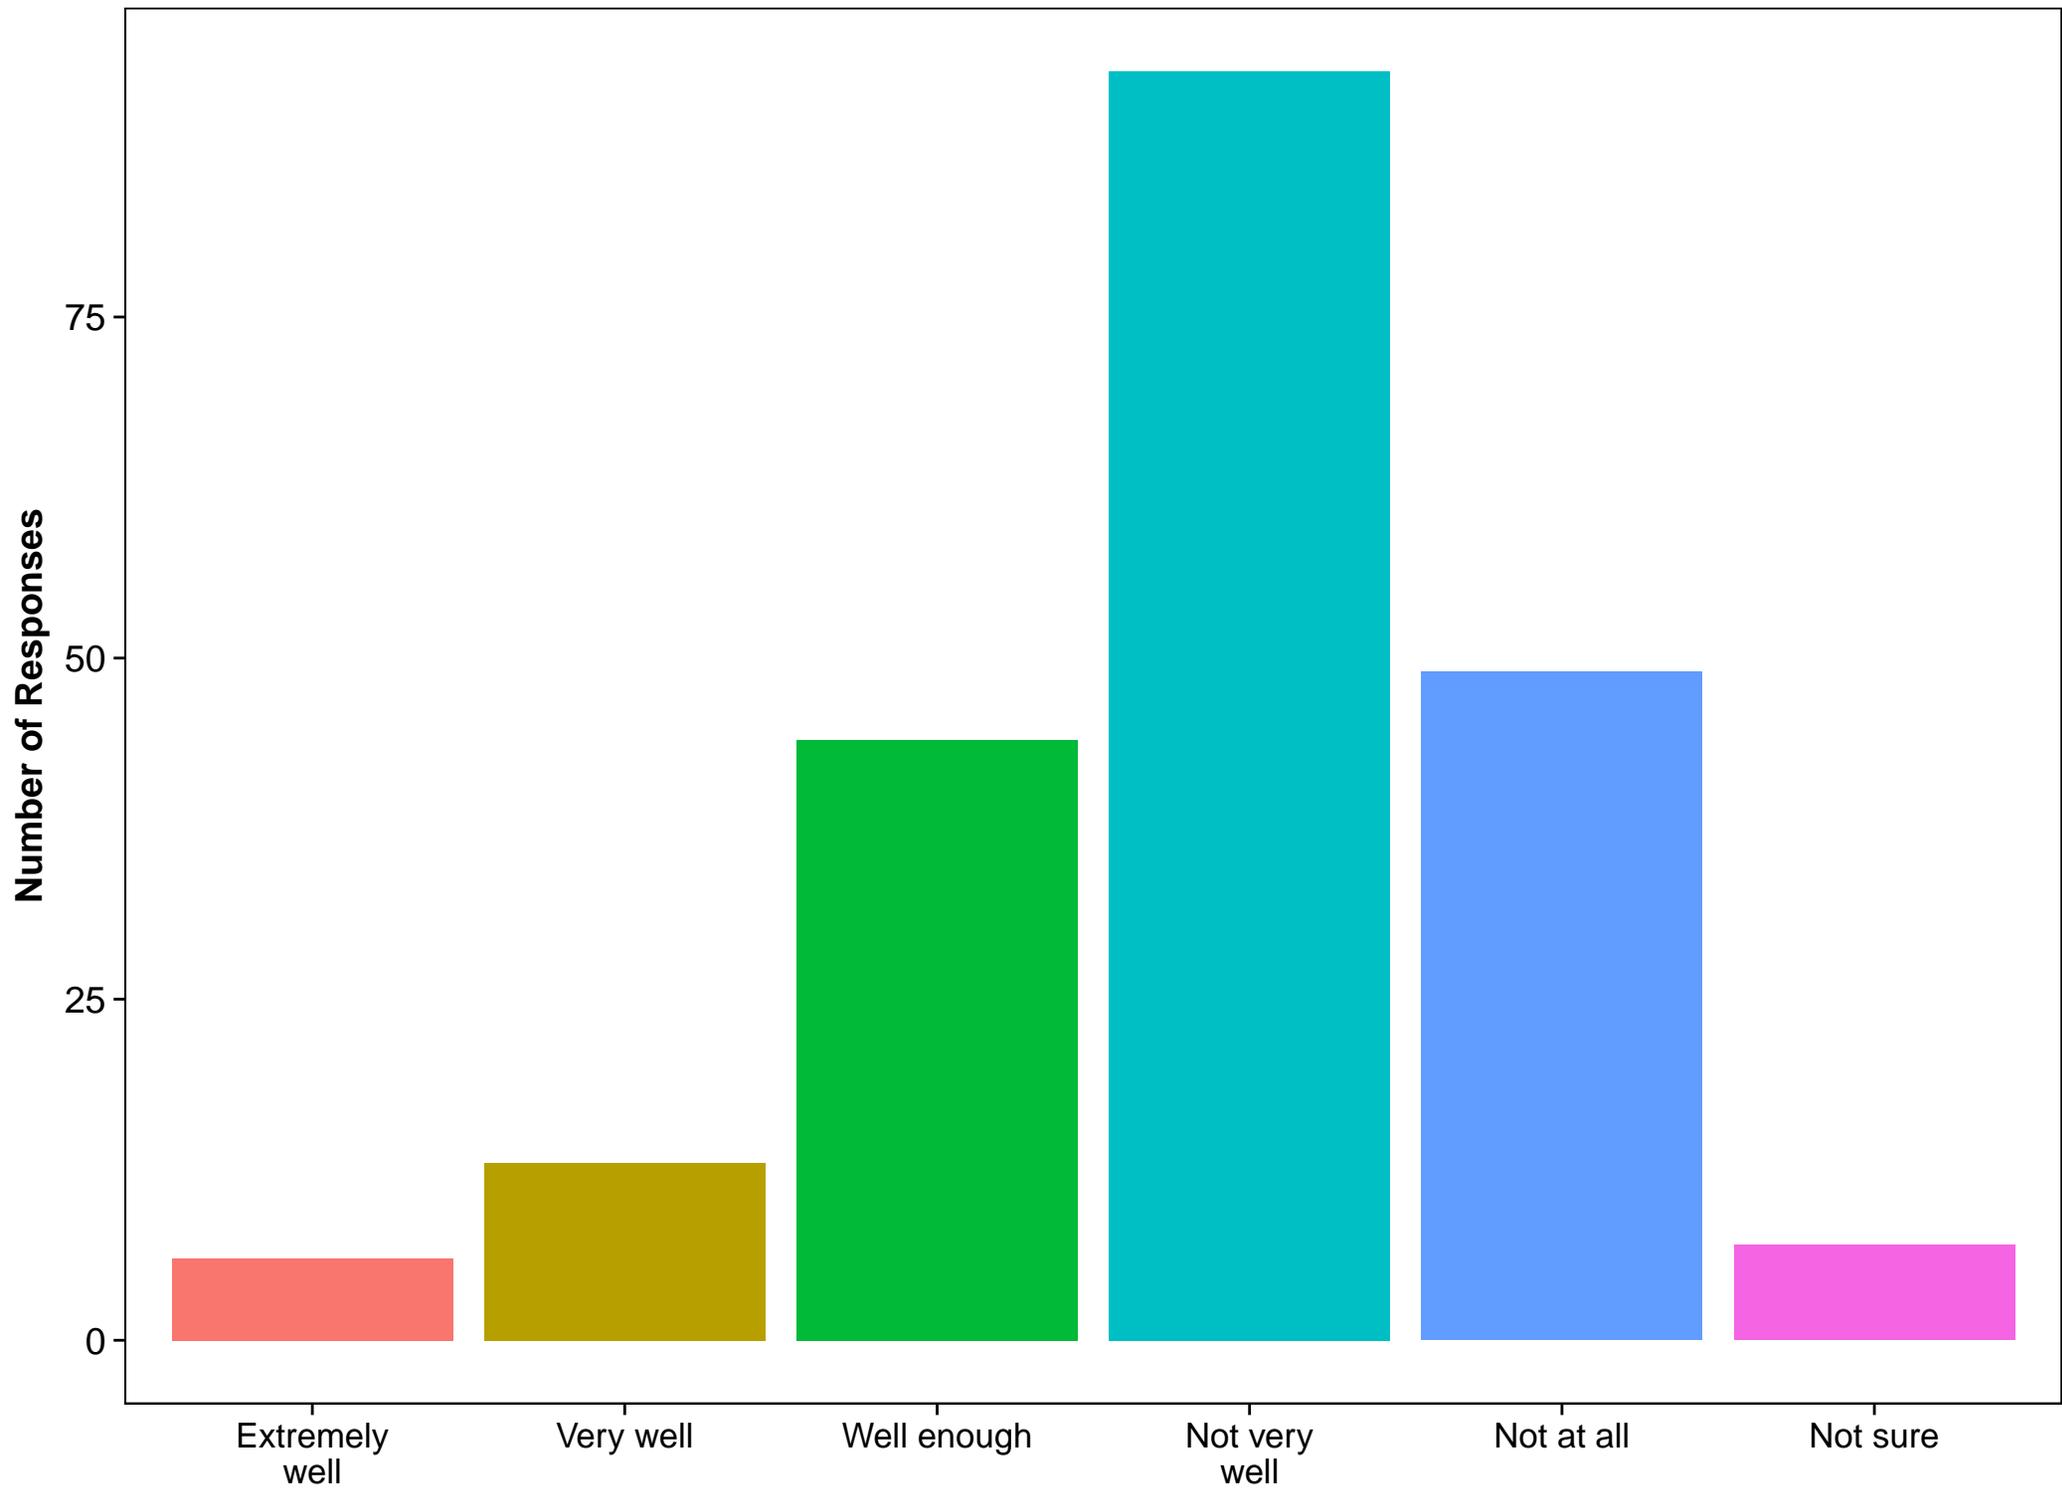

Where do you live?

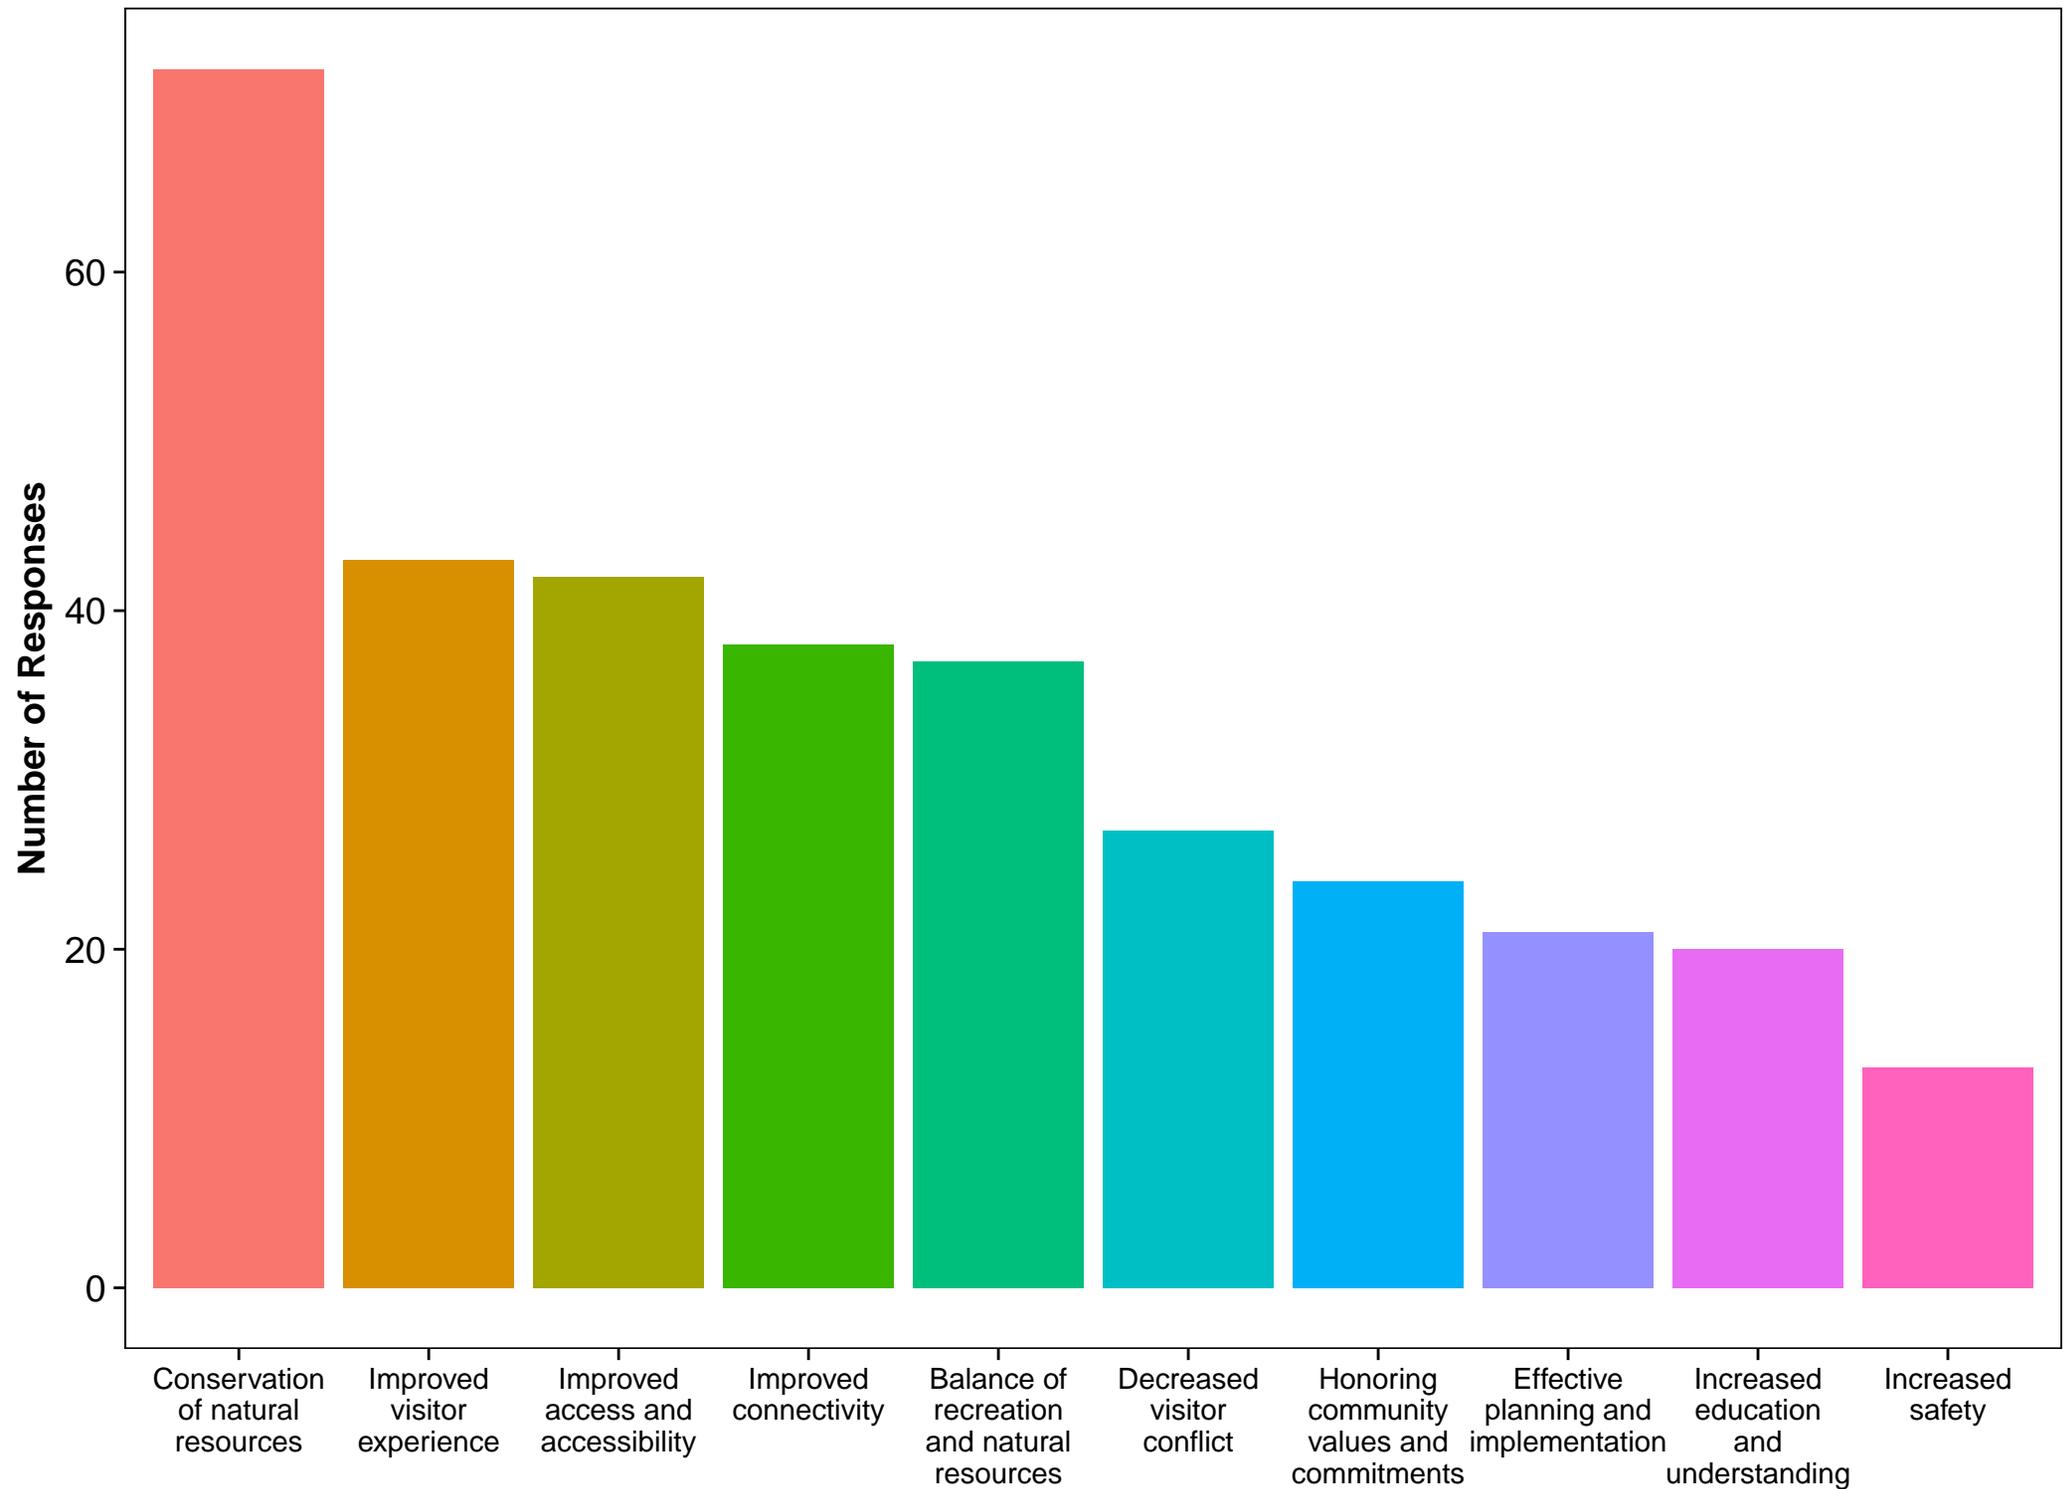

How many years have you been visiting Open Space and Mountain Parks?

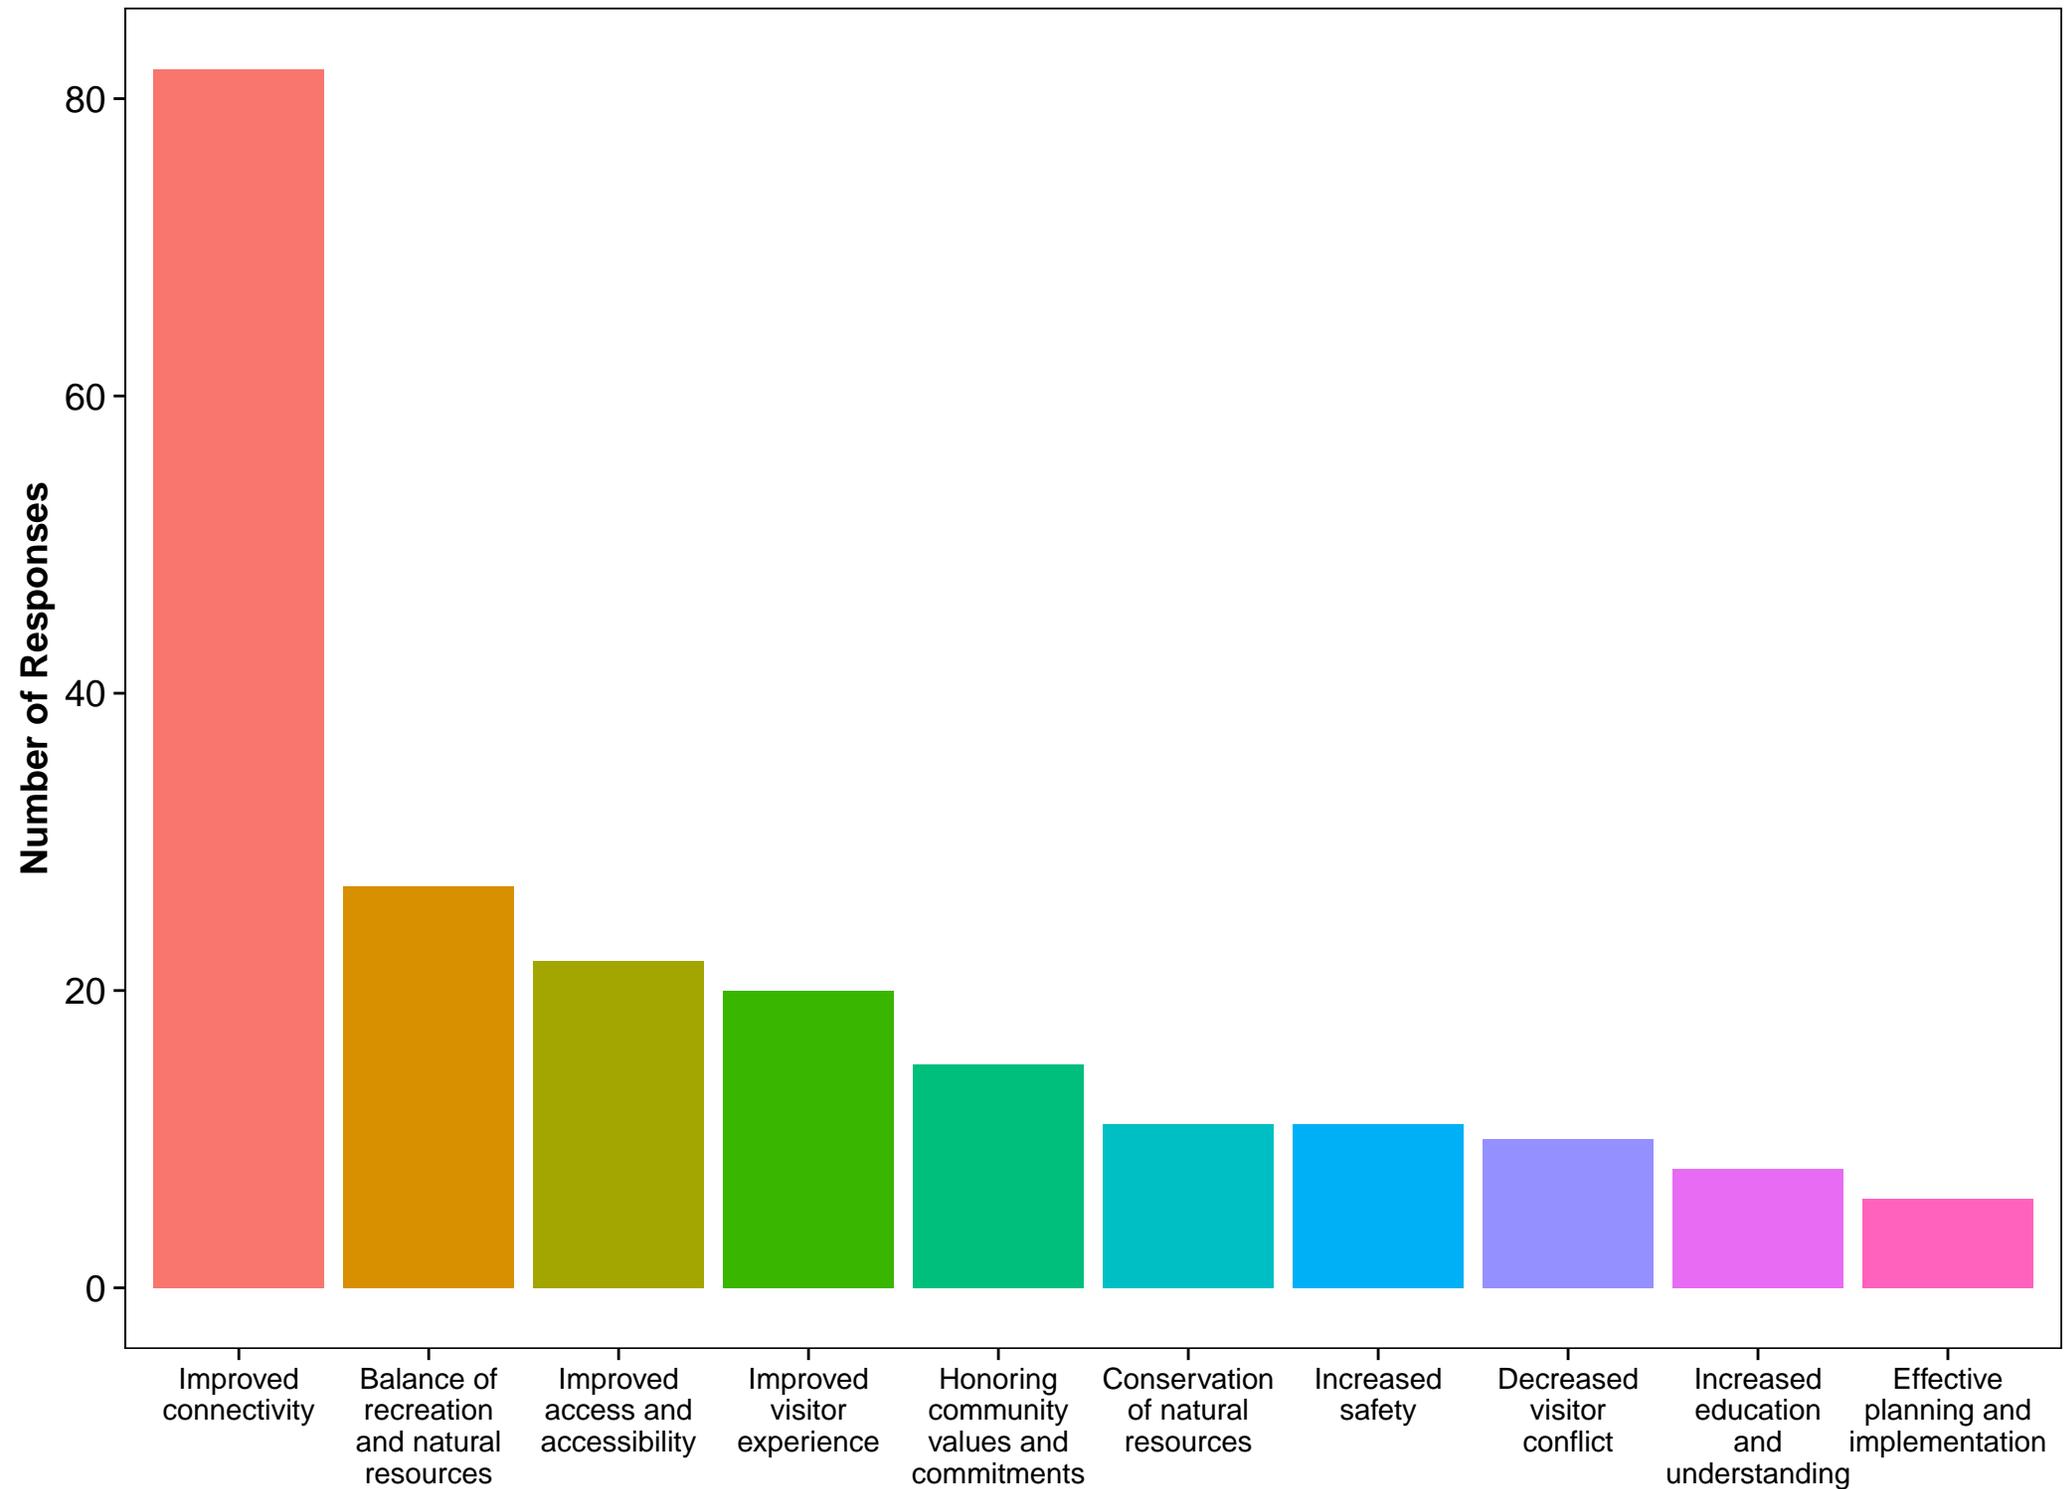

How well do you think Scenario 1 balances the identified interests?

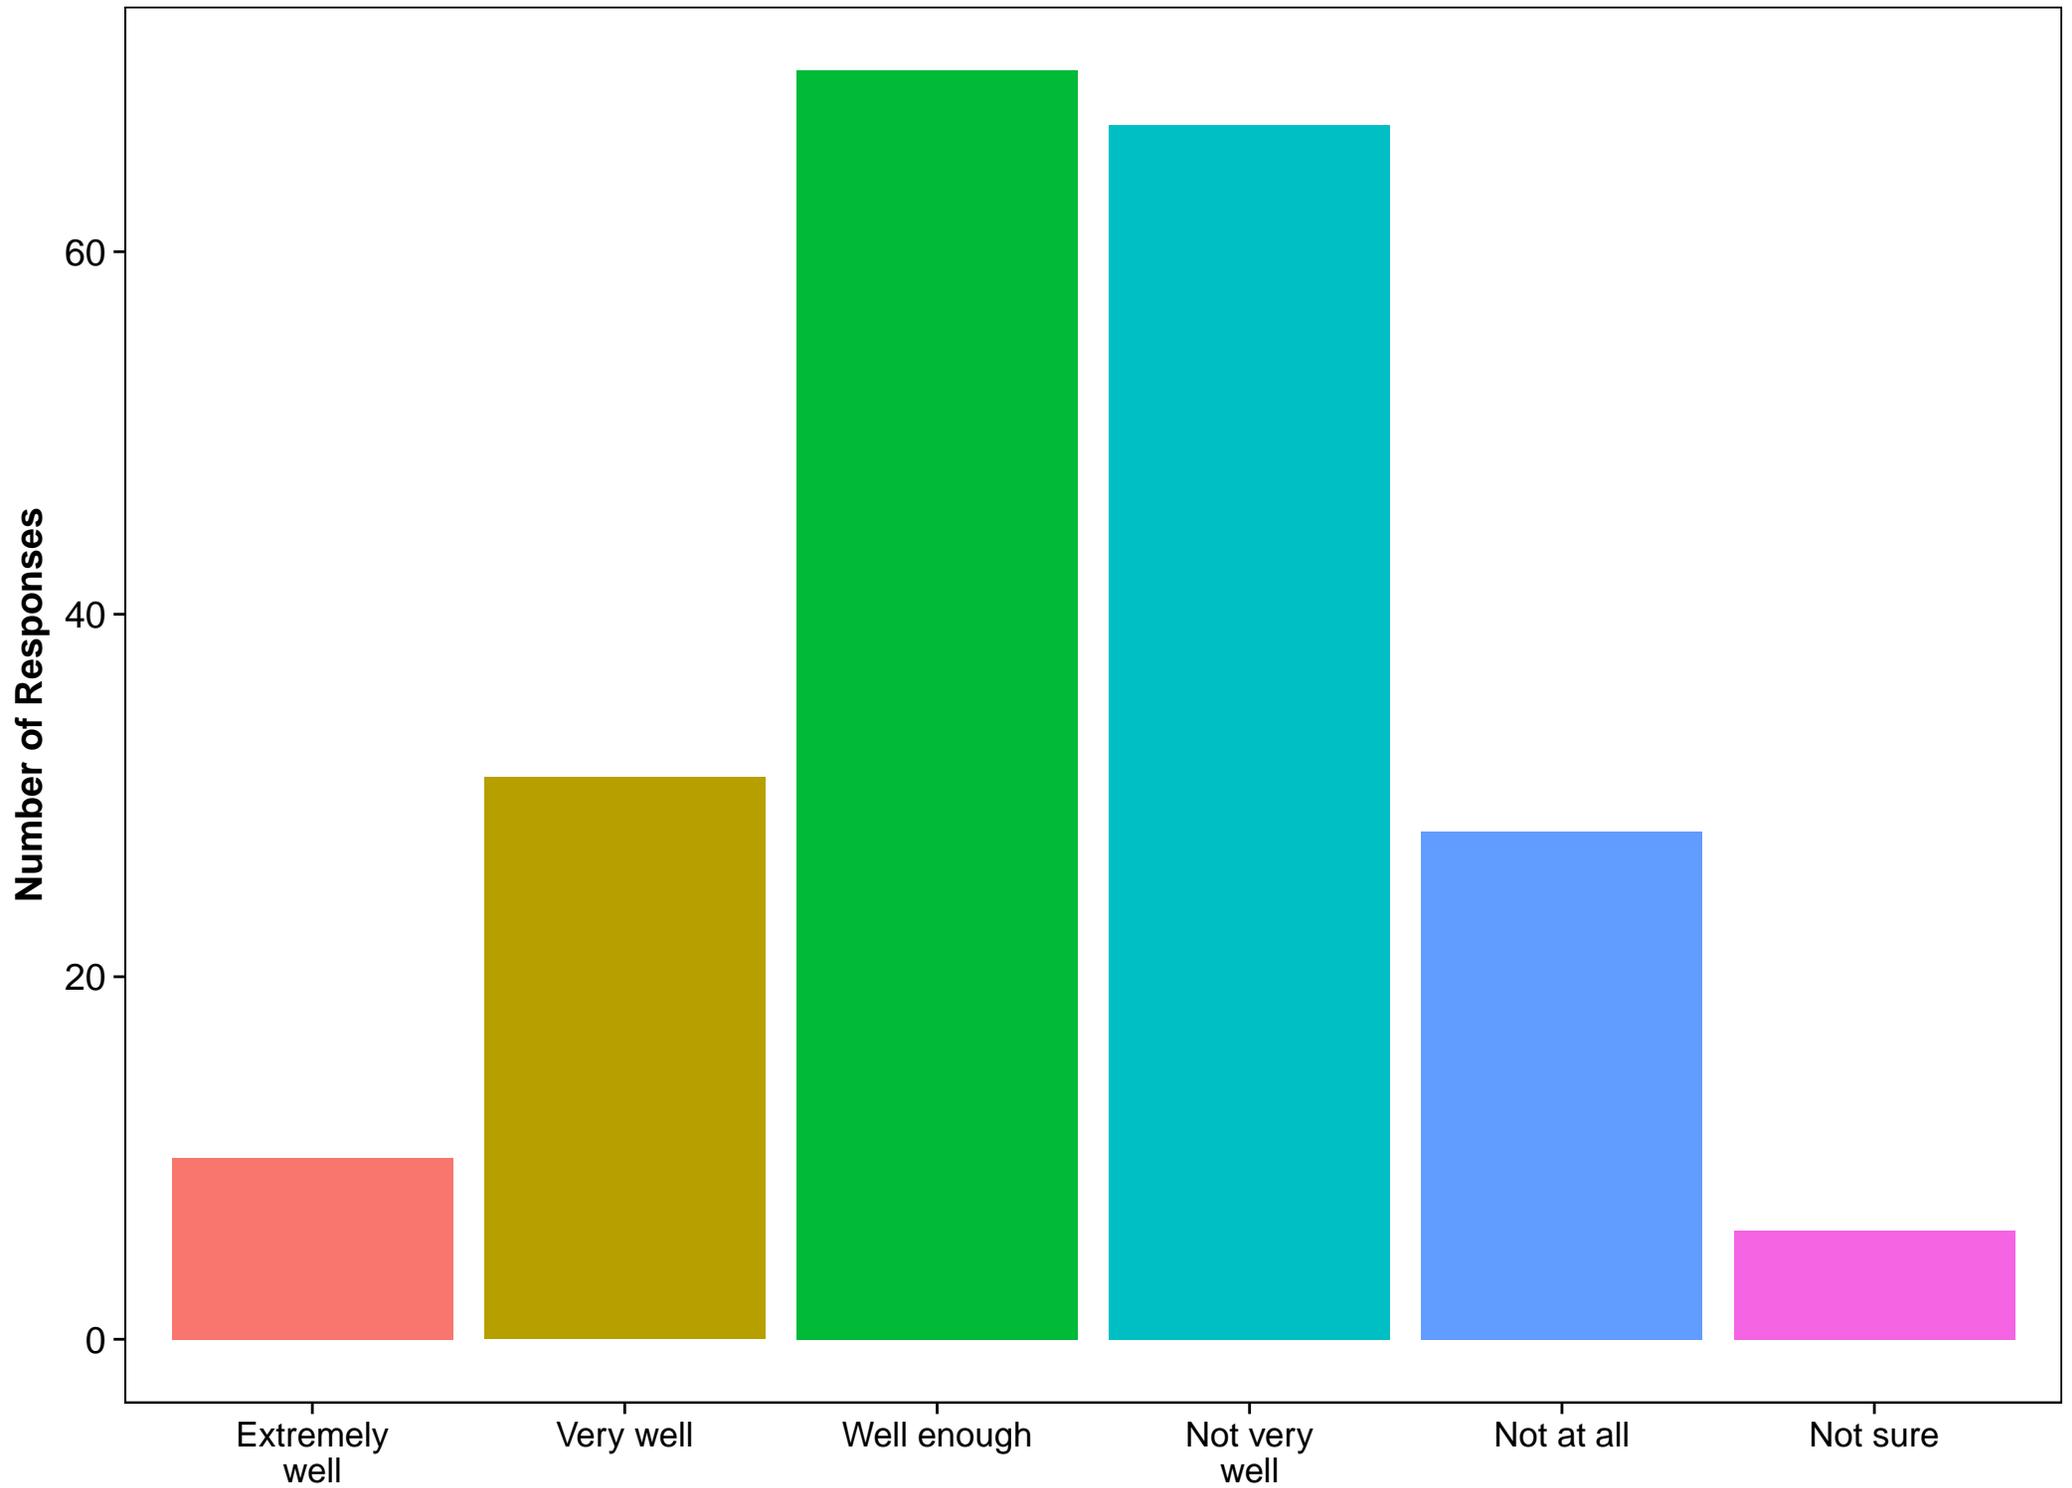

Which of the identified interests are best addressed in Scenario 1?

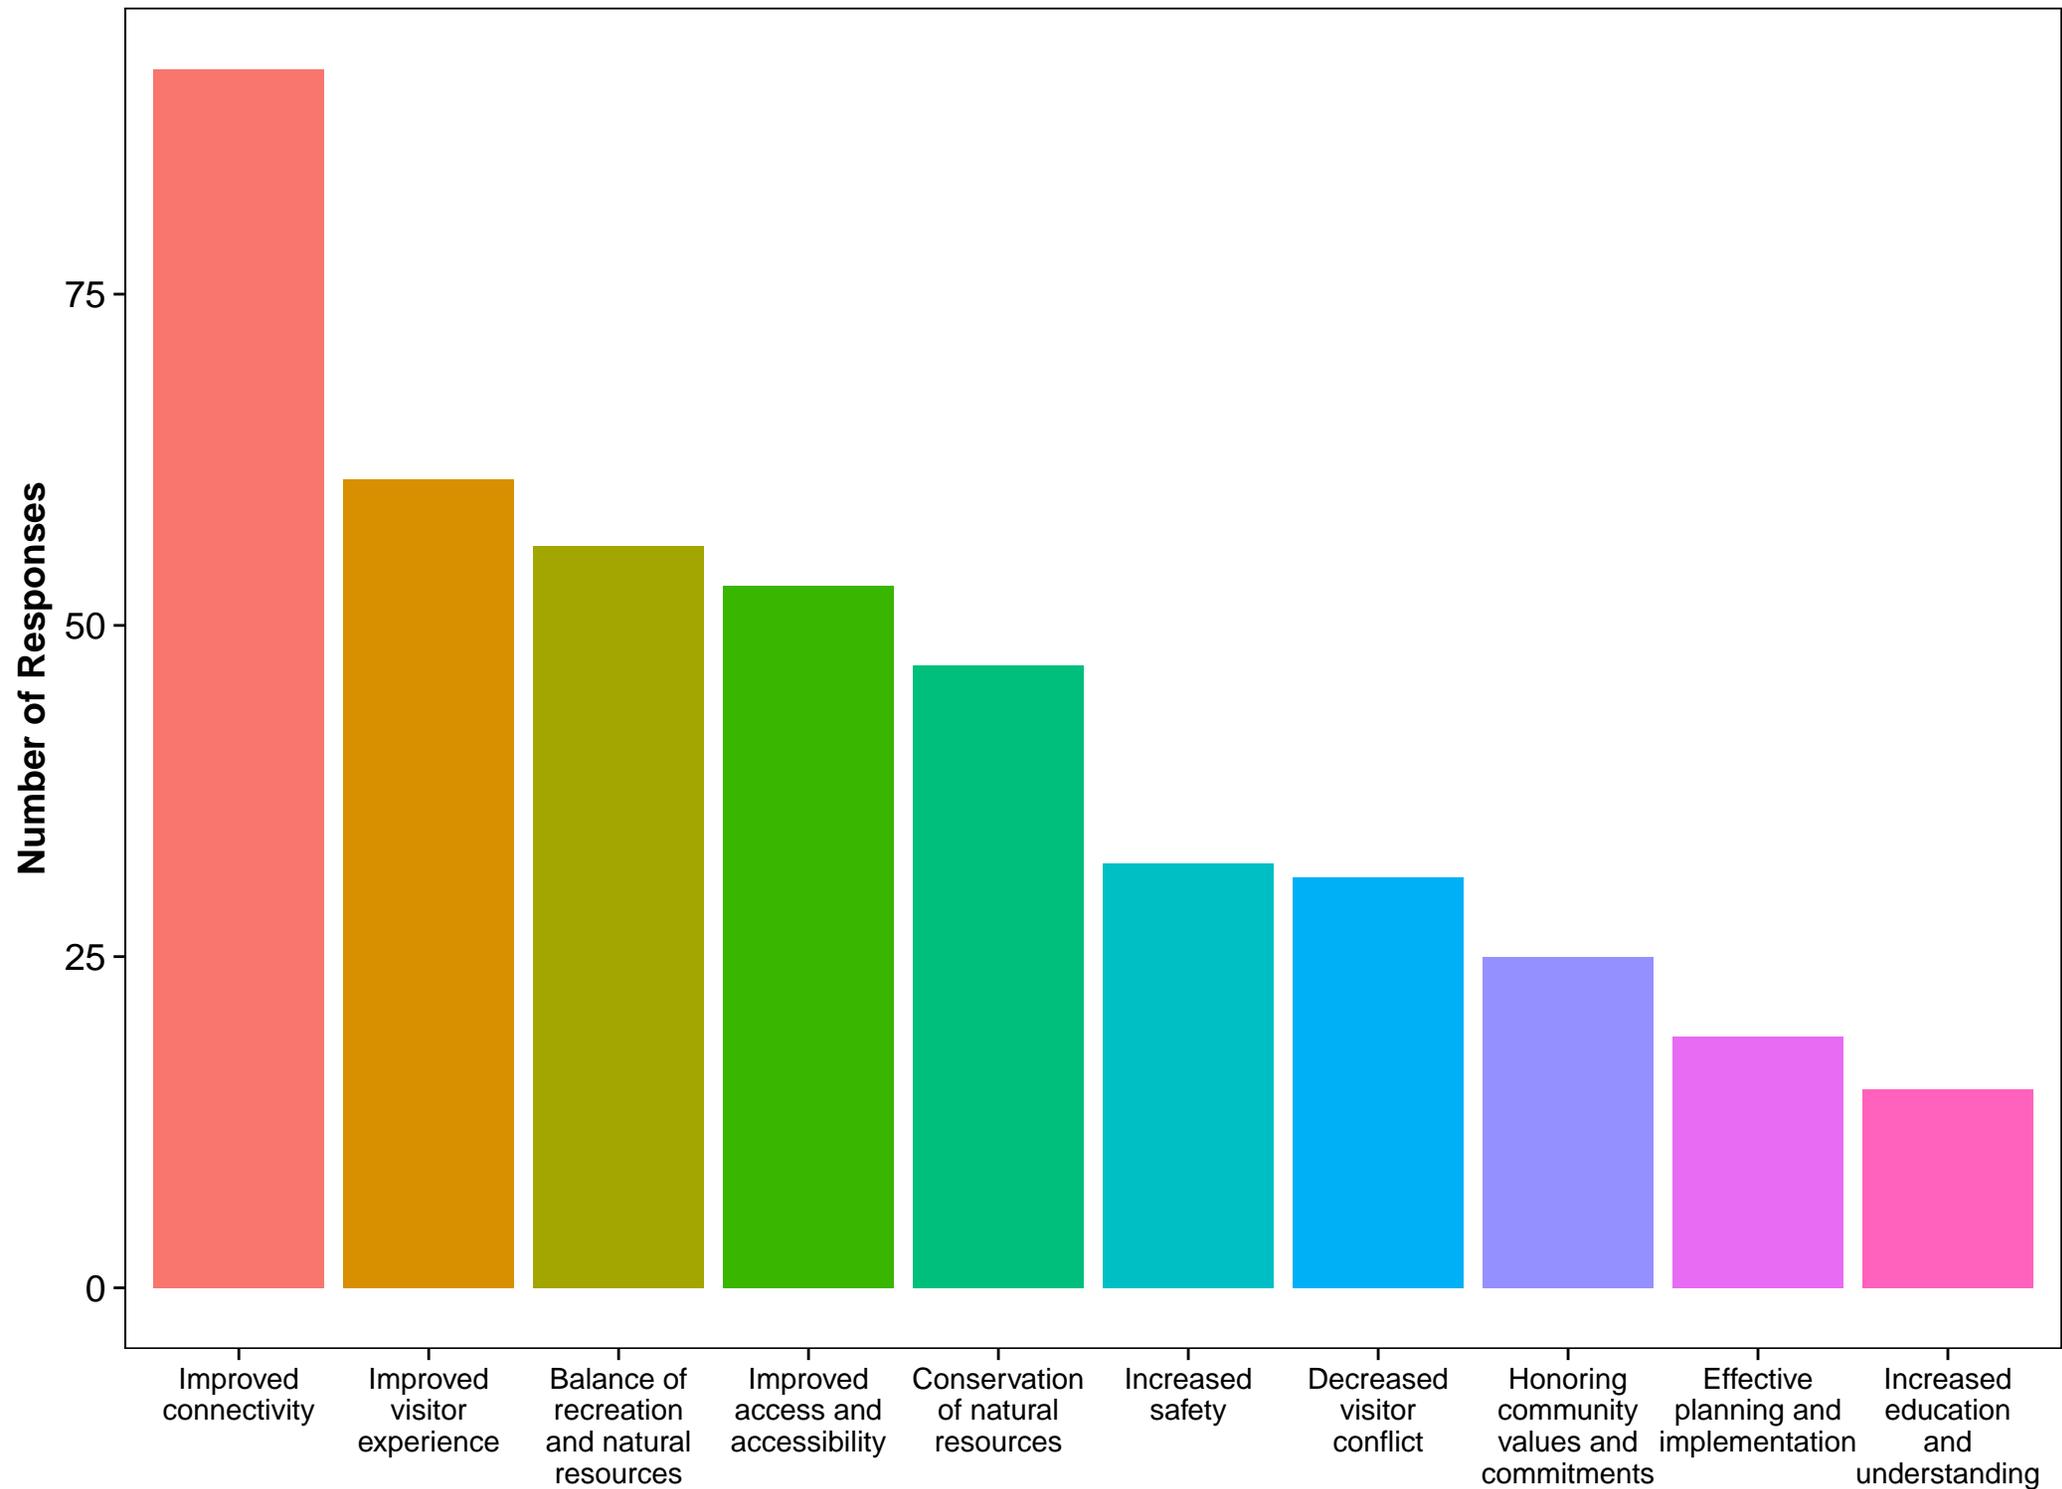

Which, if any, of the identified interests are not well addressed in Scenario 1?

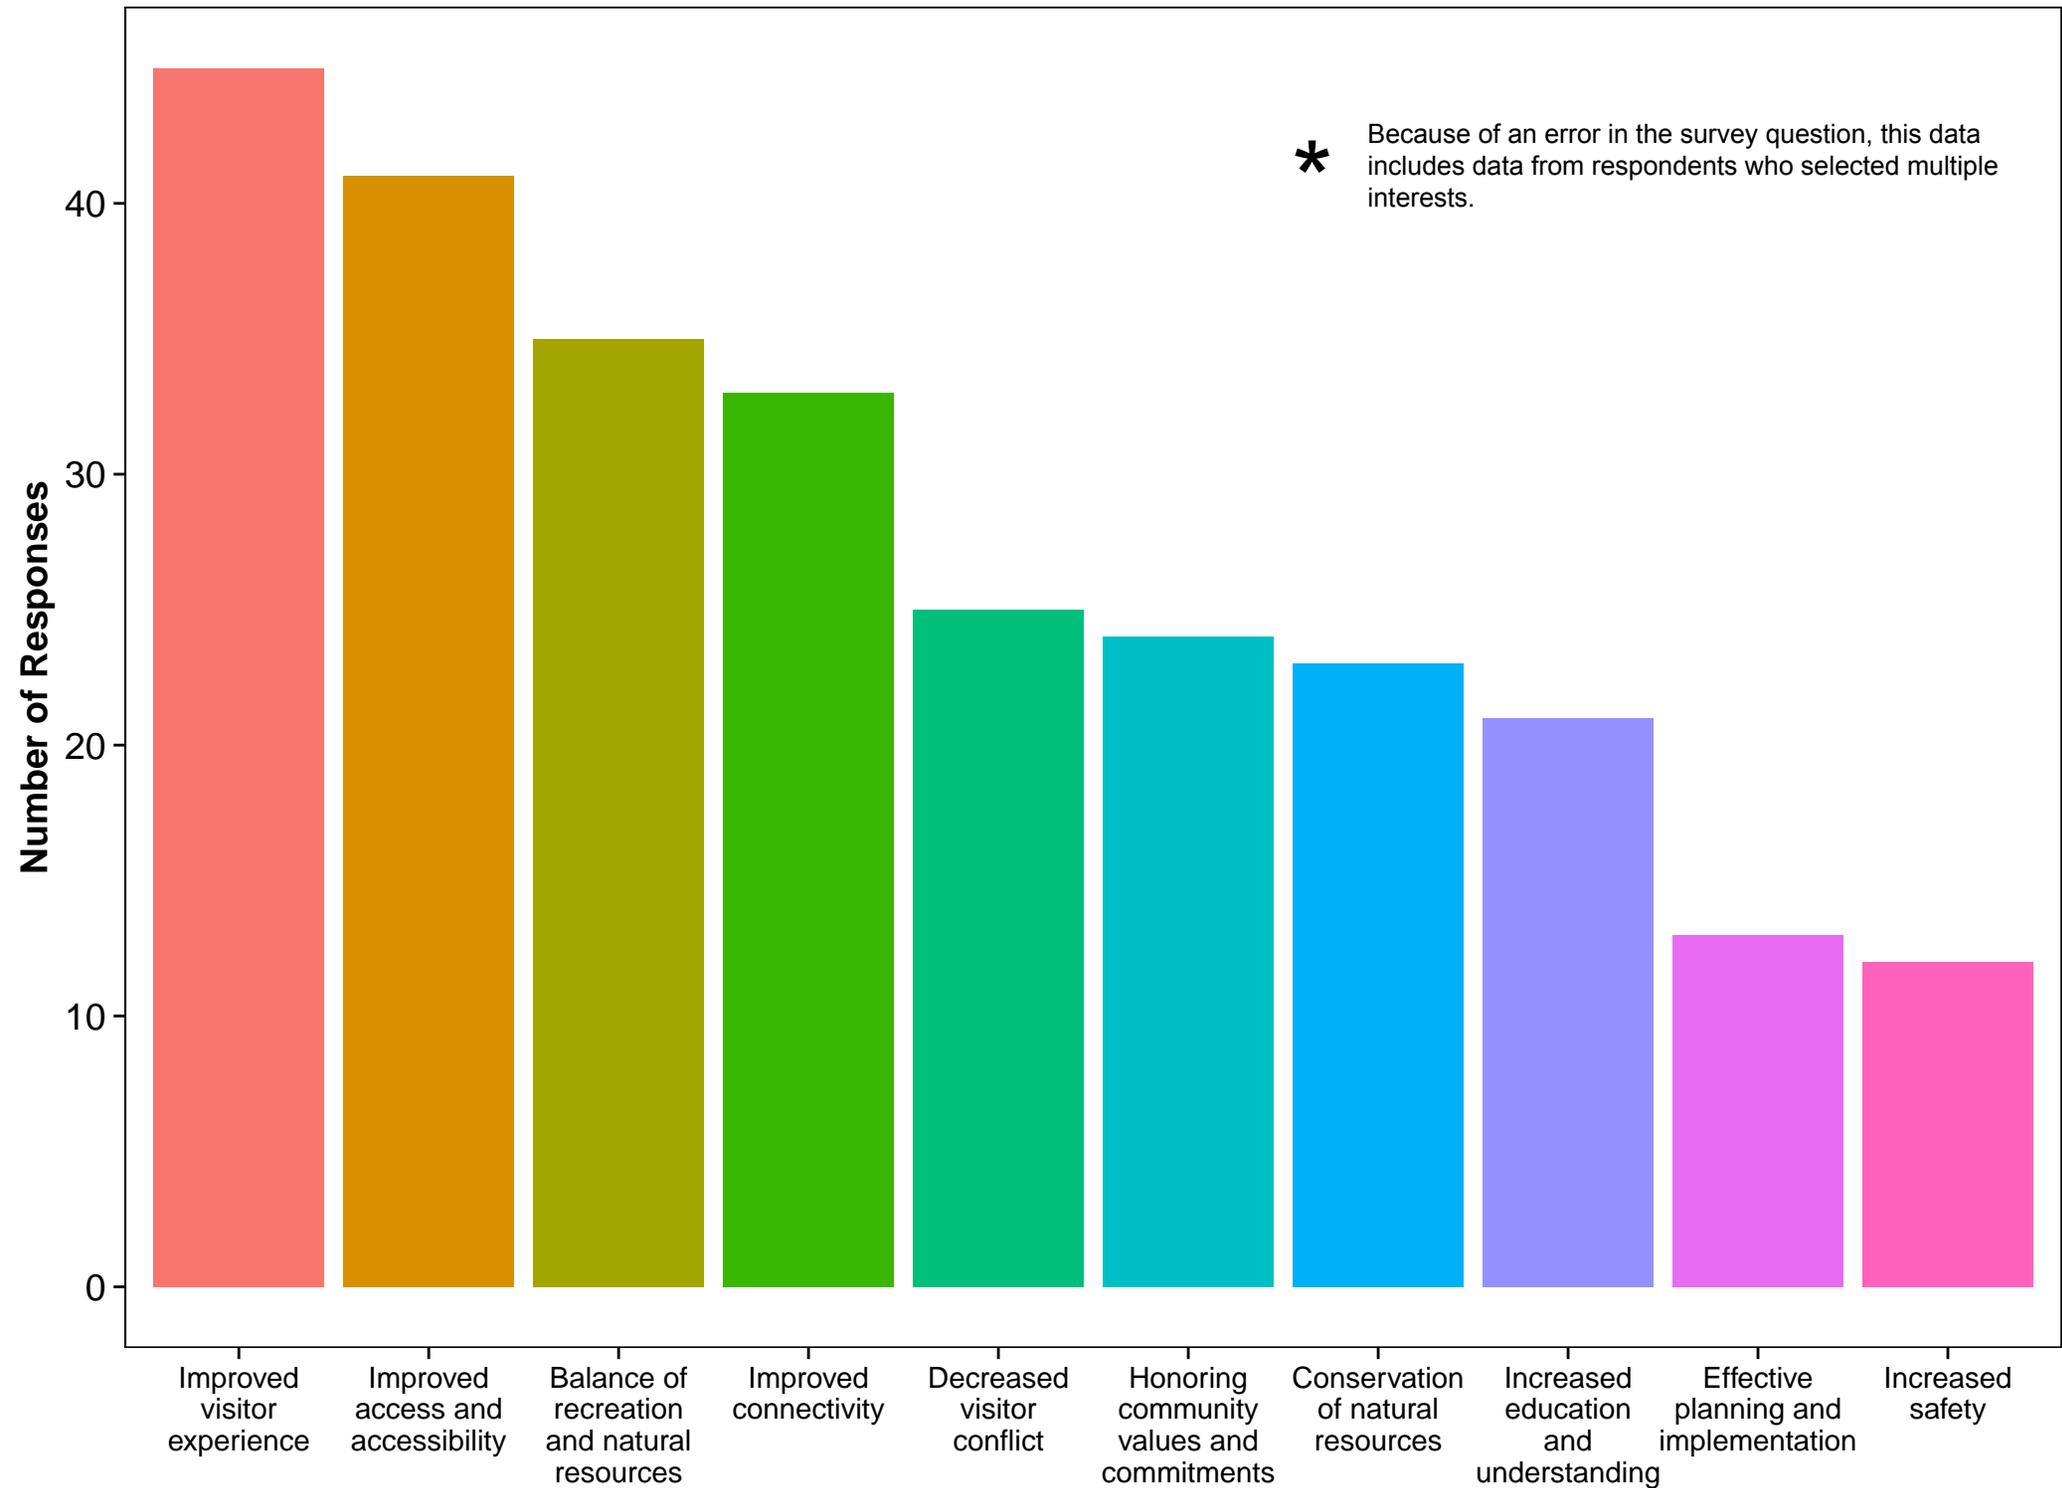

How well do you think Scenario 2 balances the identified interests?

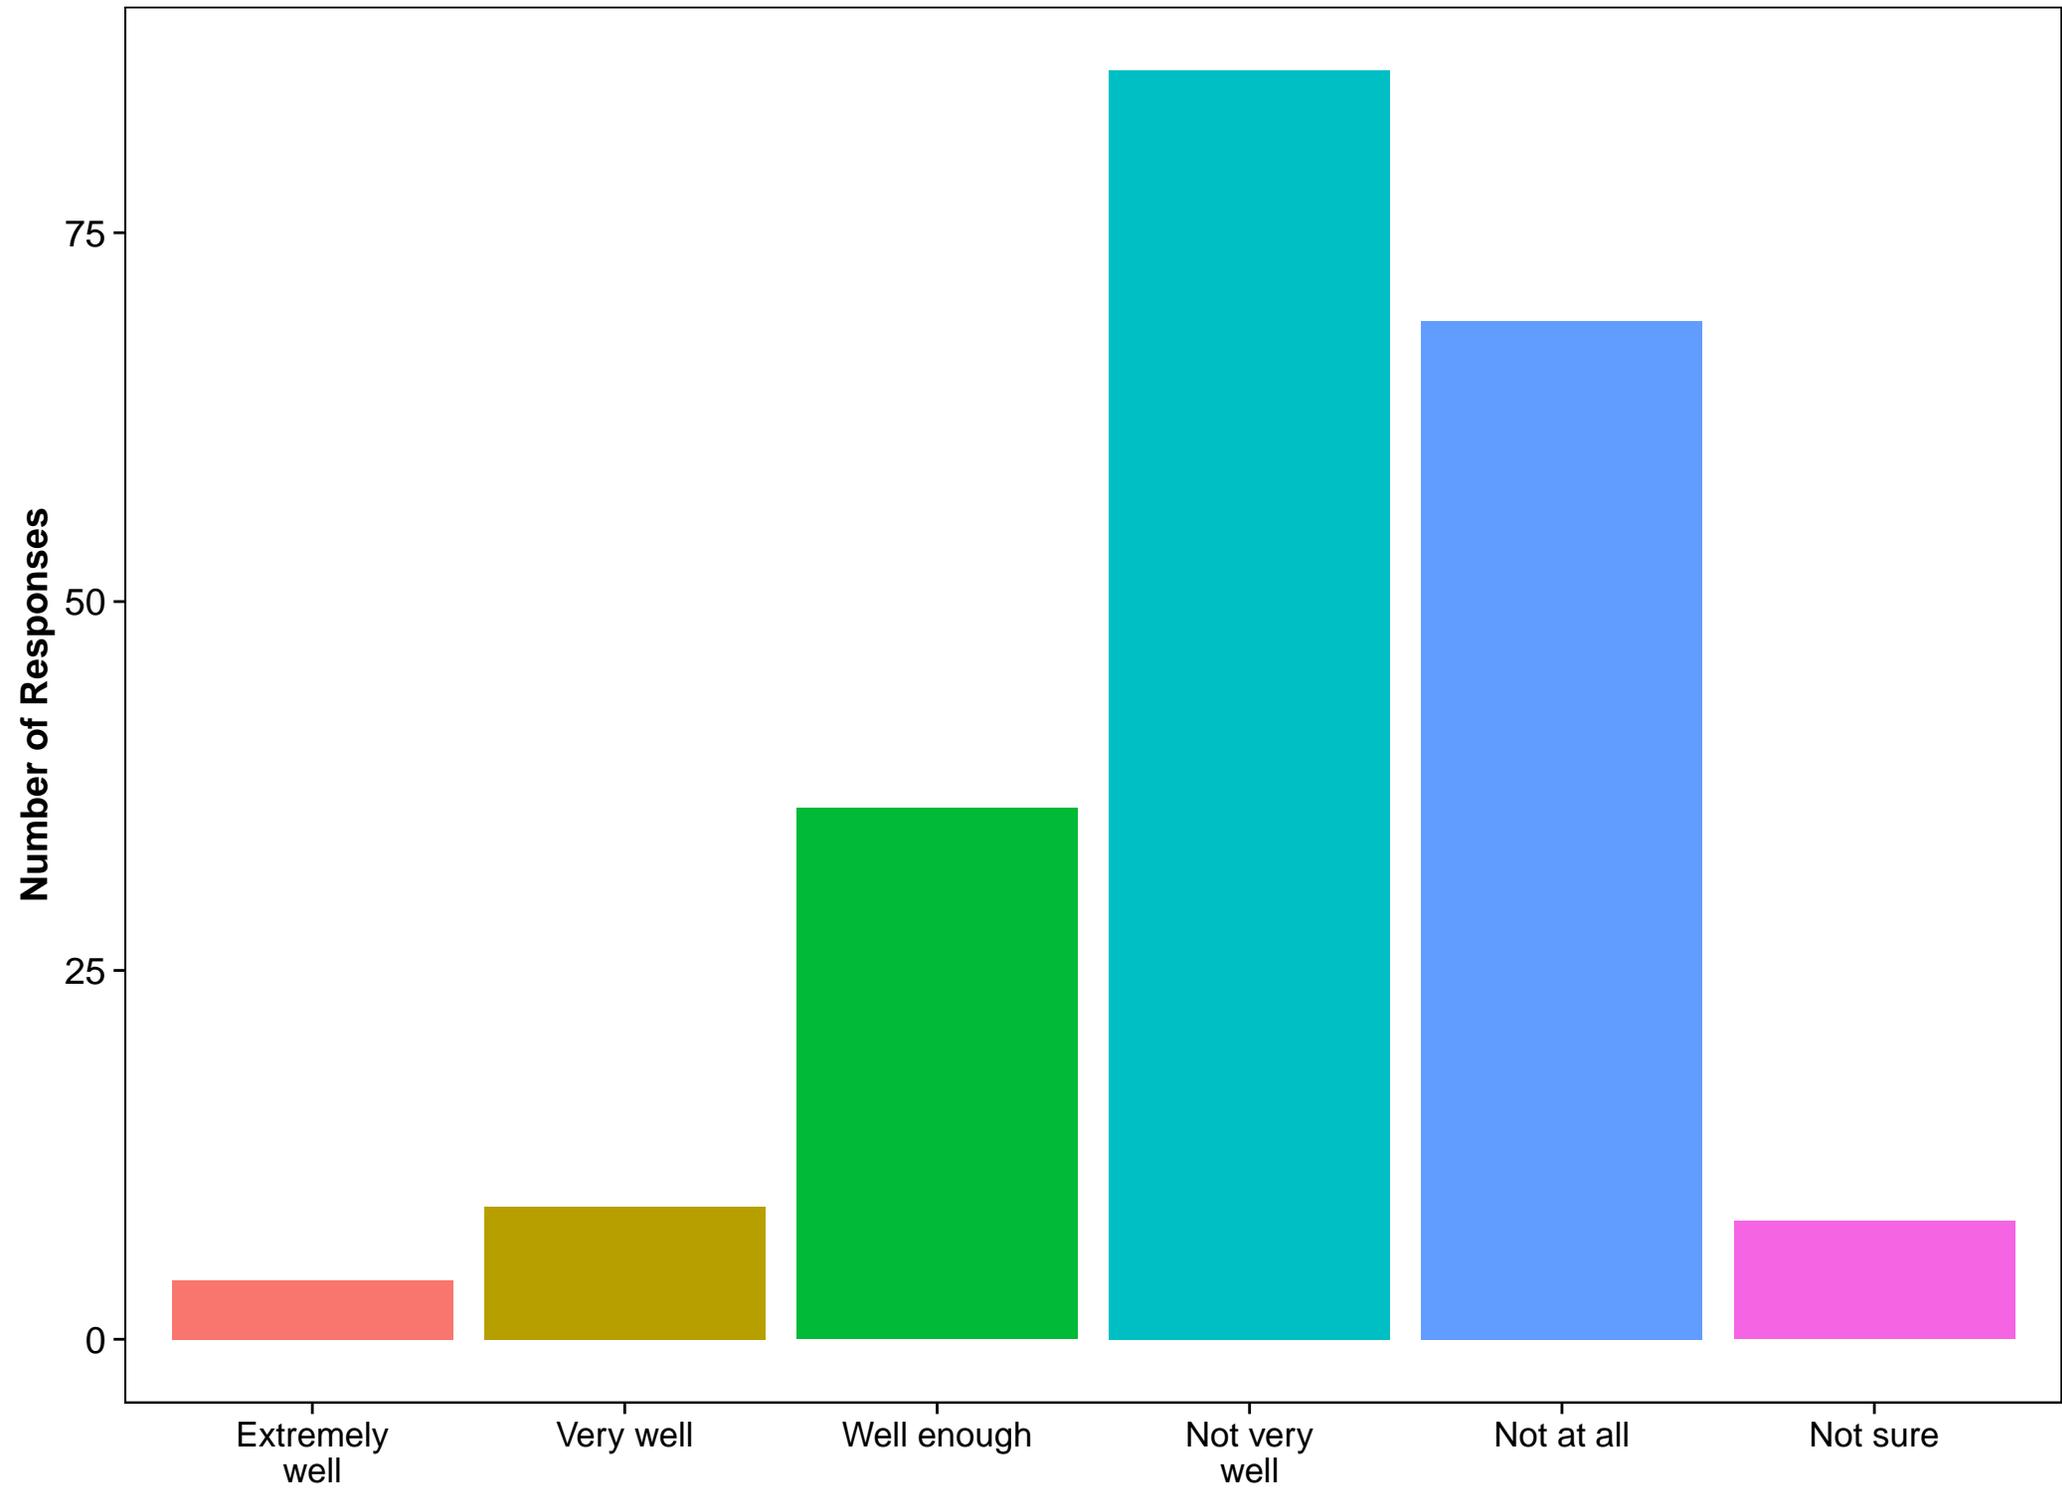

Which of the identified interests are best addressed in Scenario 2?

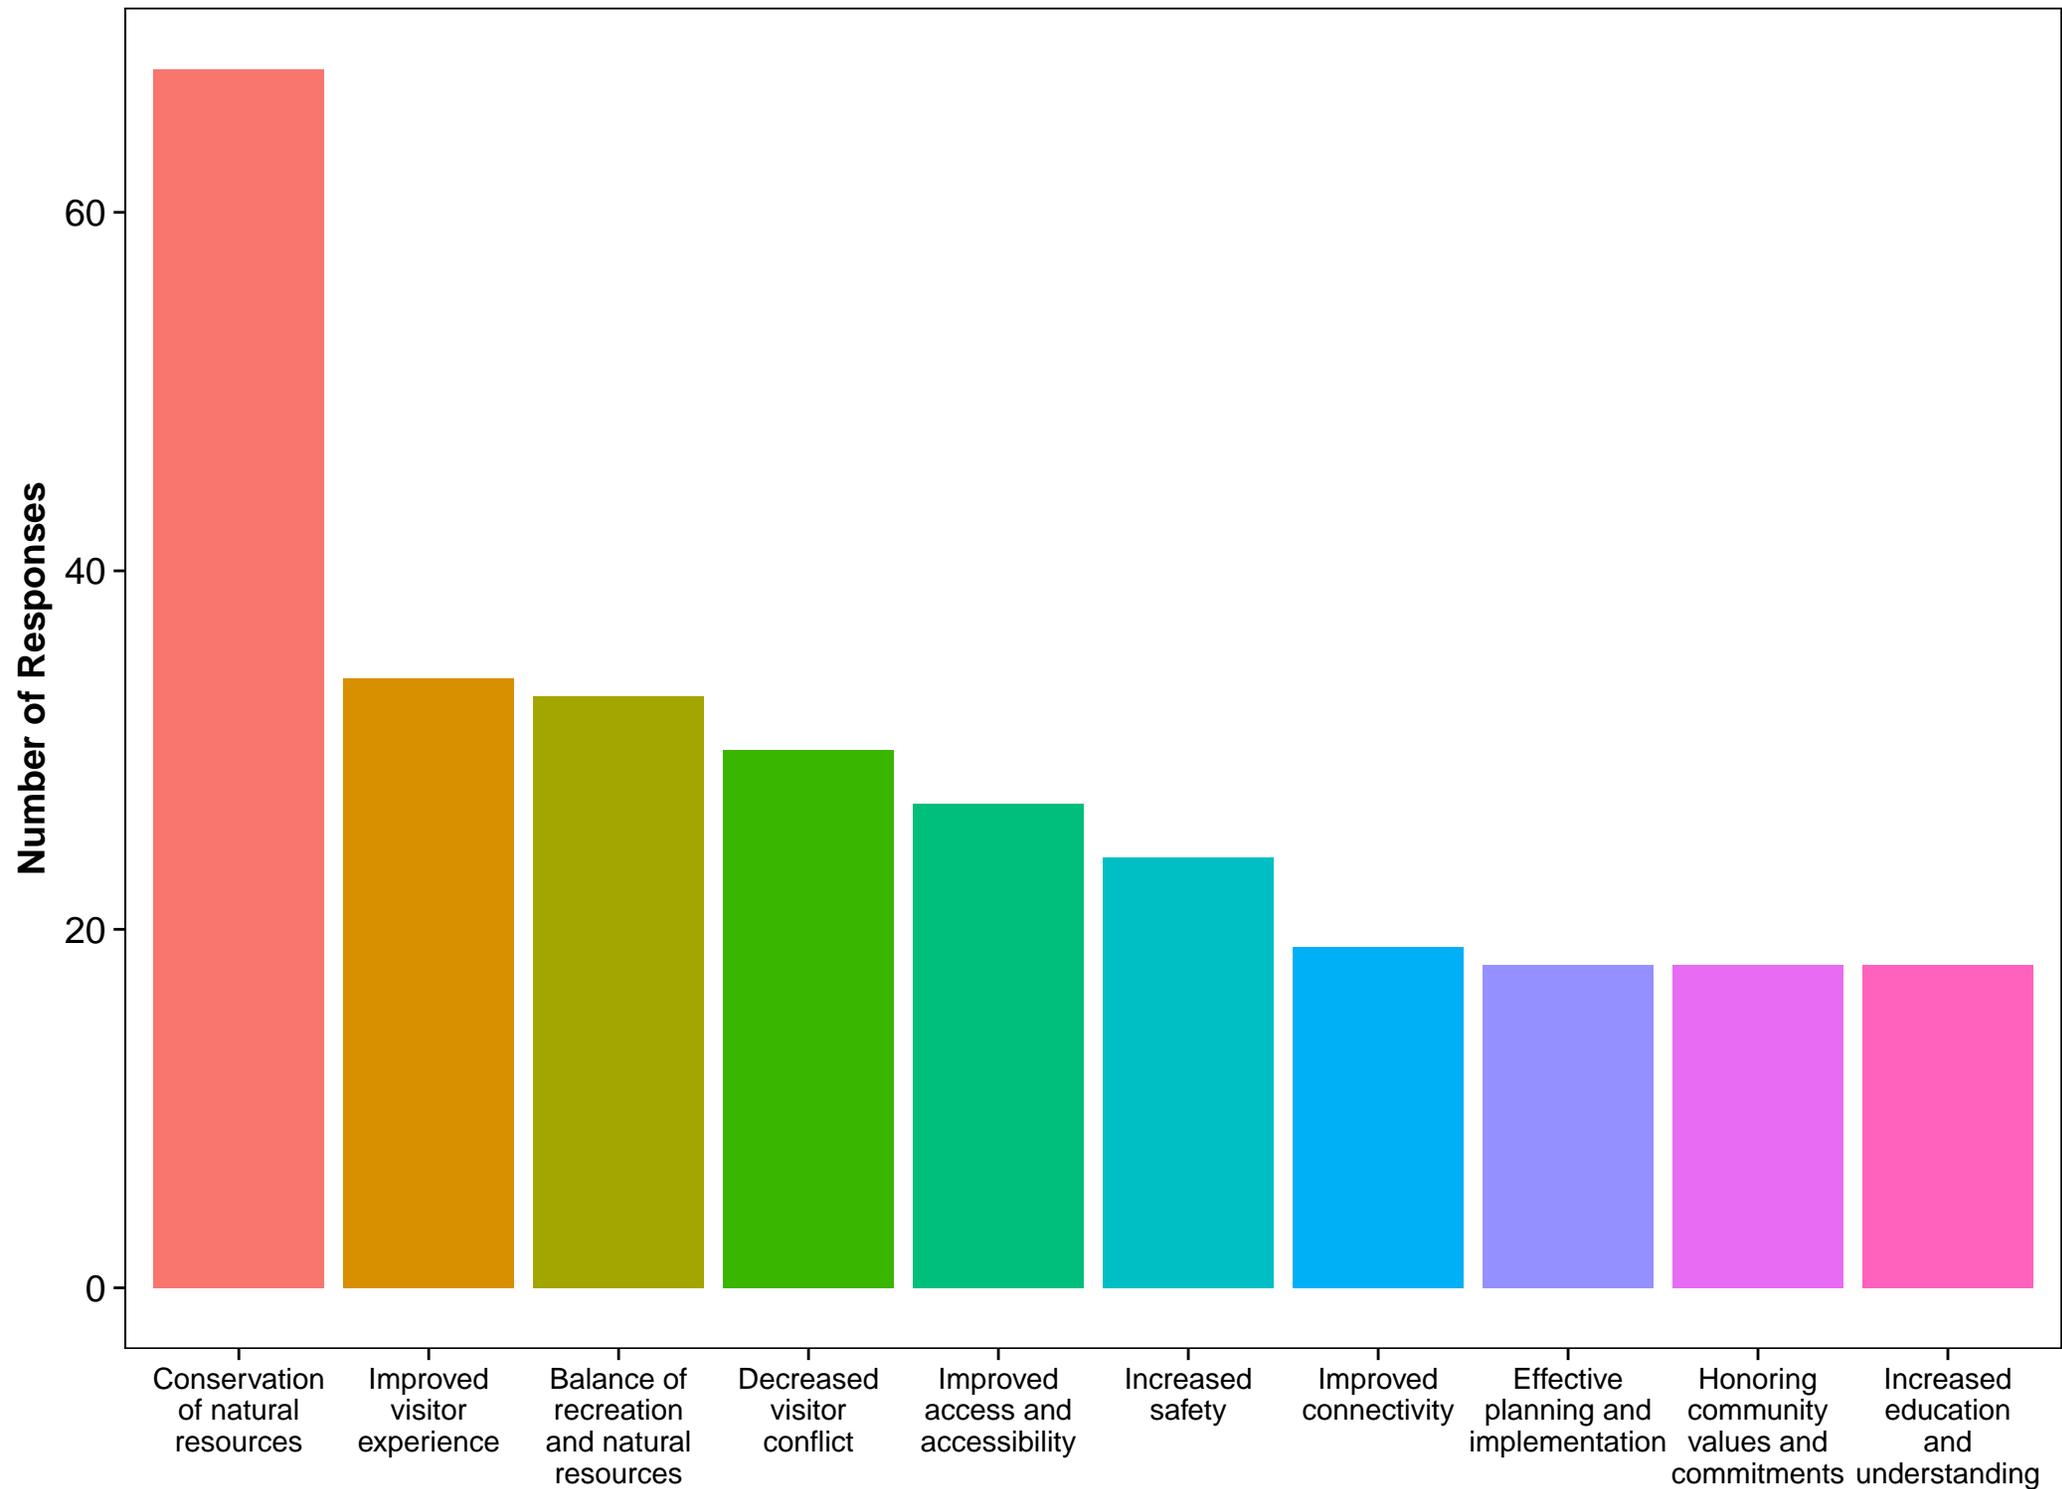

Which, if any, of the identified interests are not well addressed in Scenario 2?

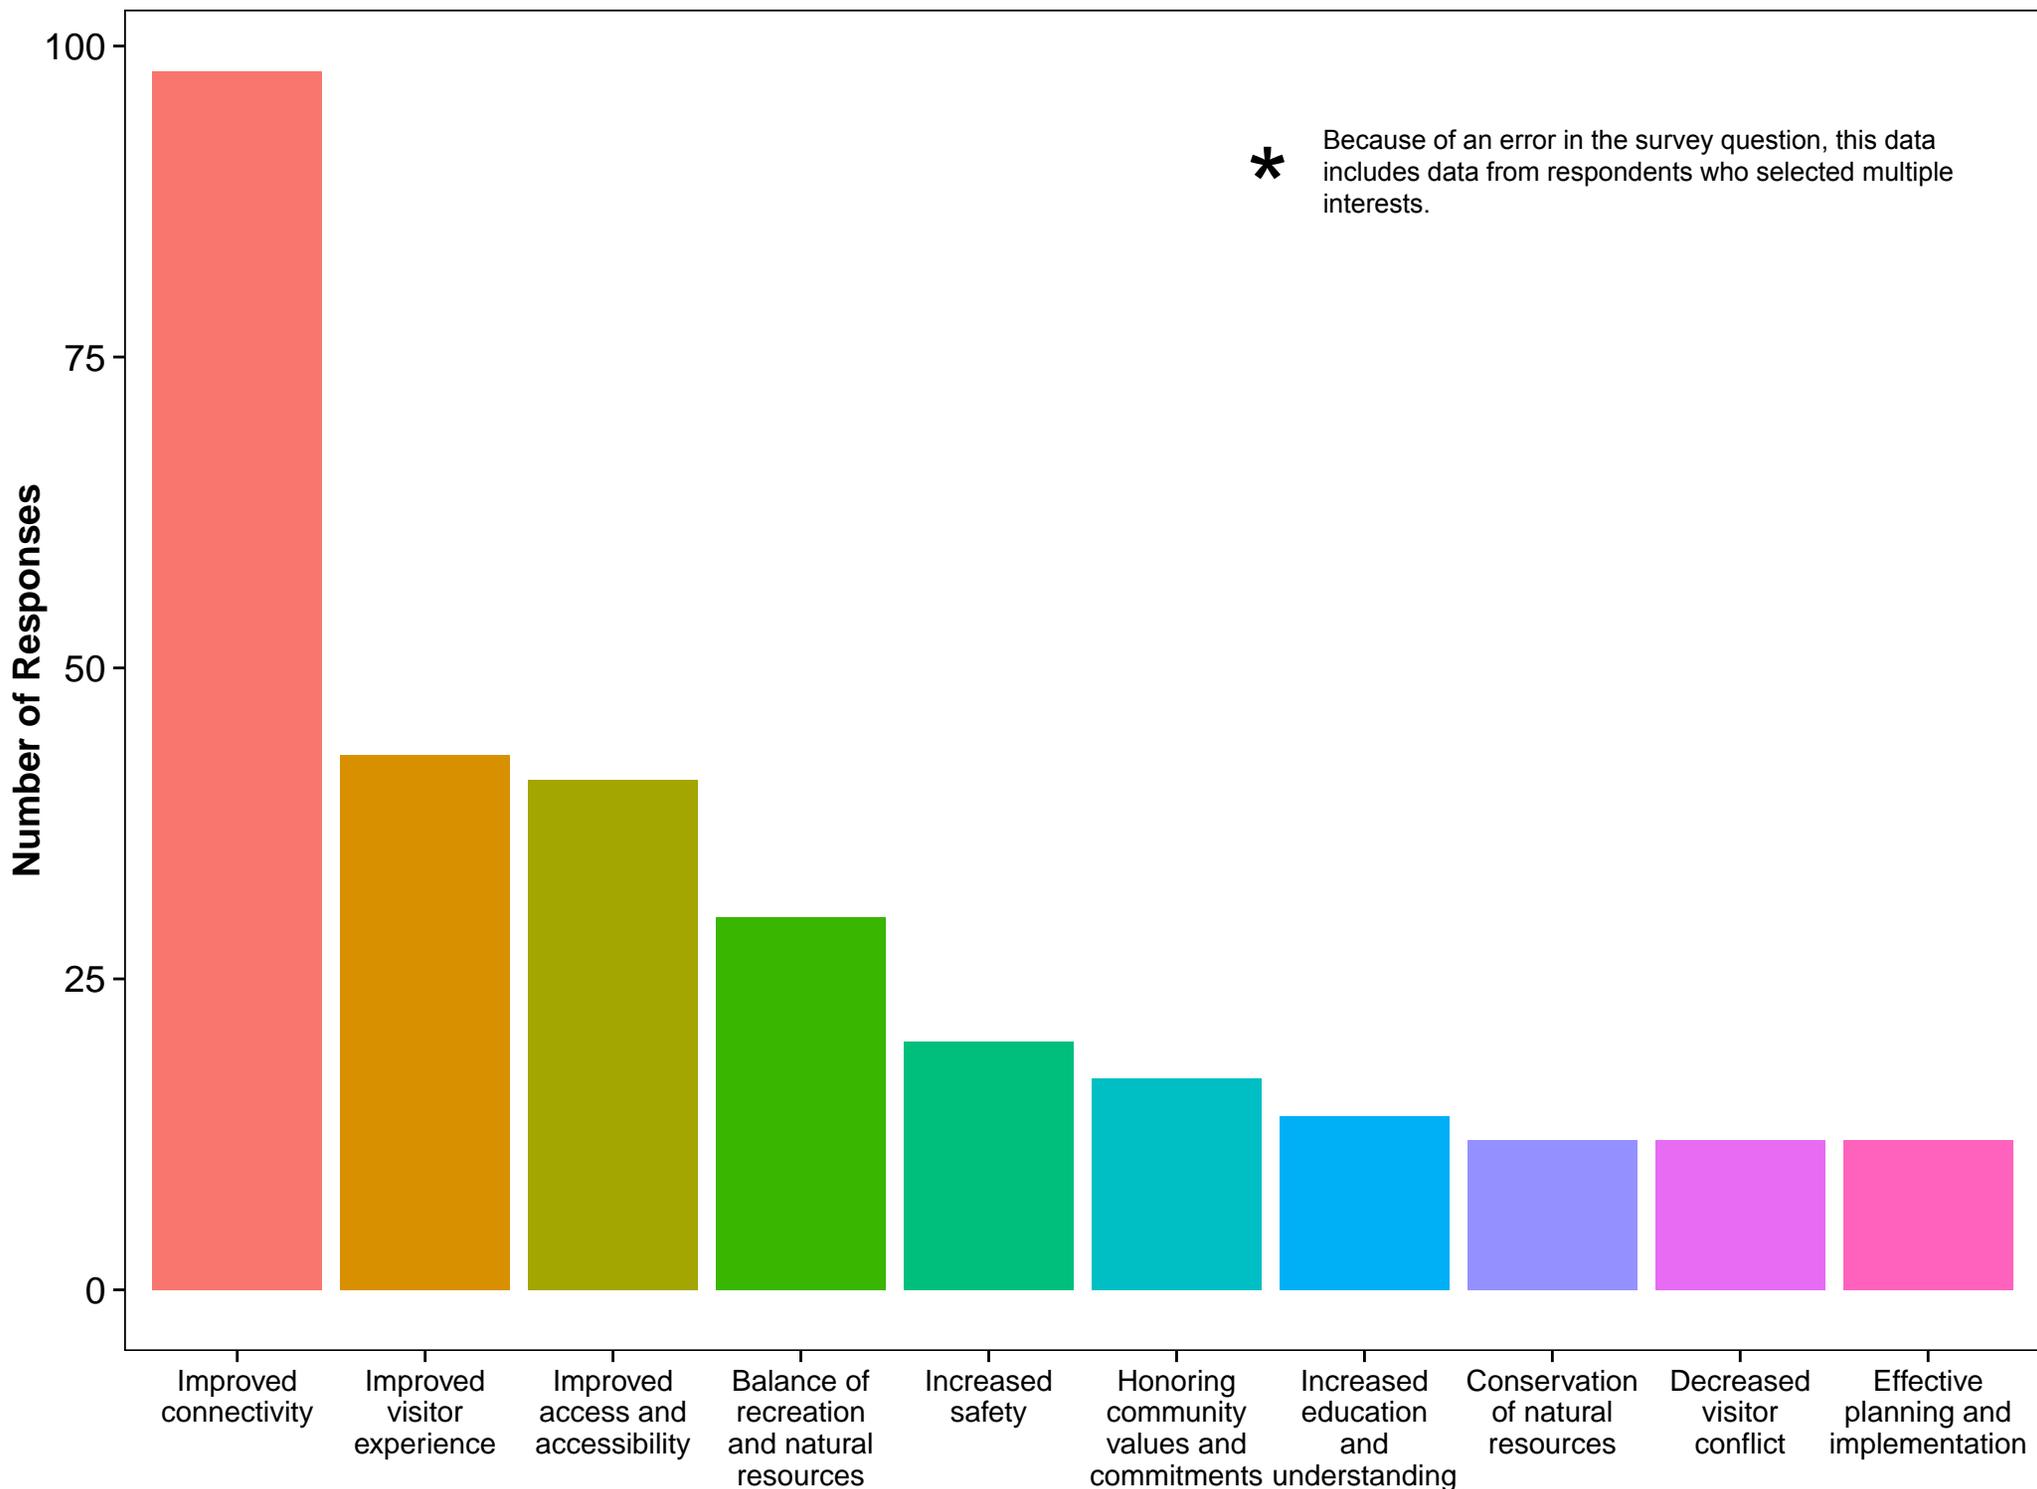

How well do you think Scenario 3 balances the identified interests?

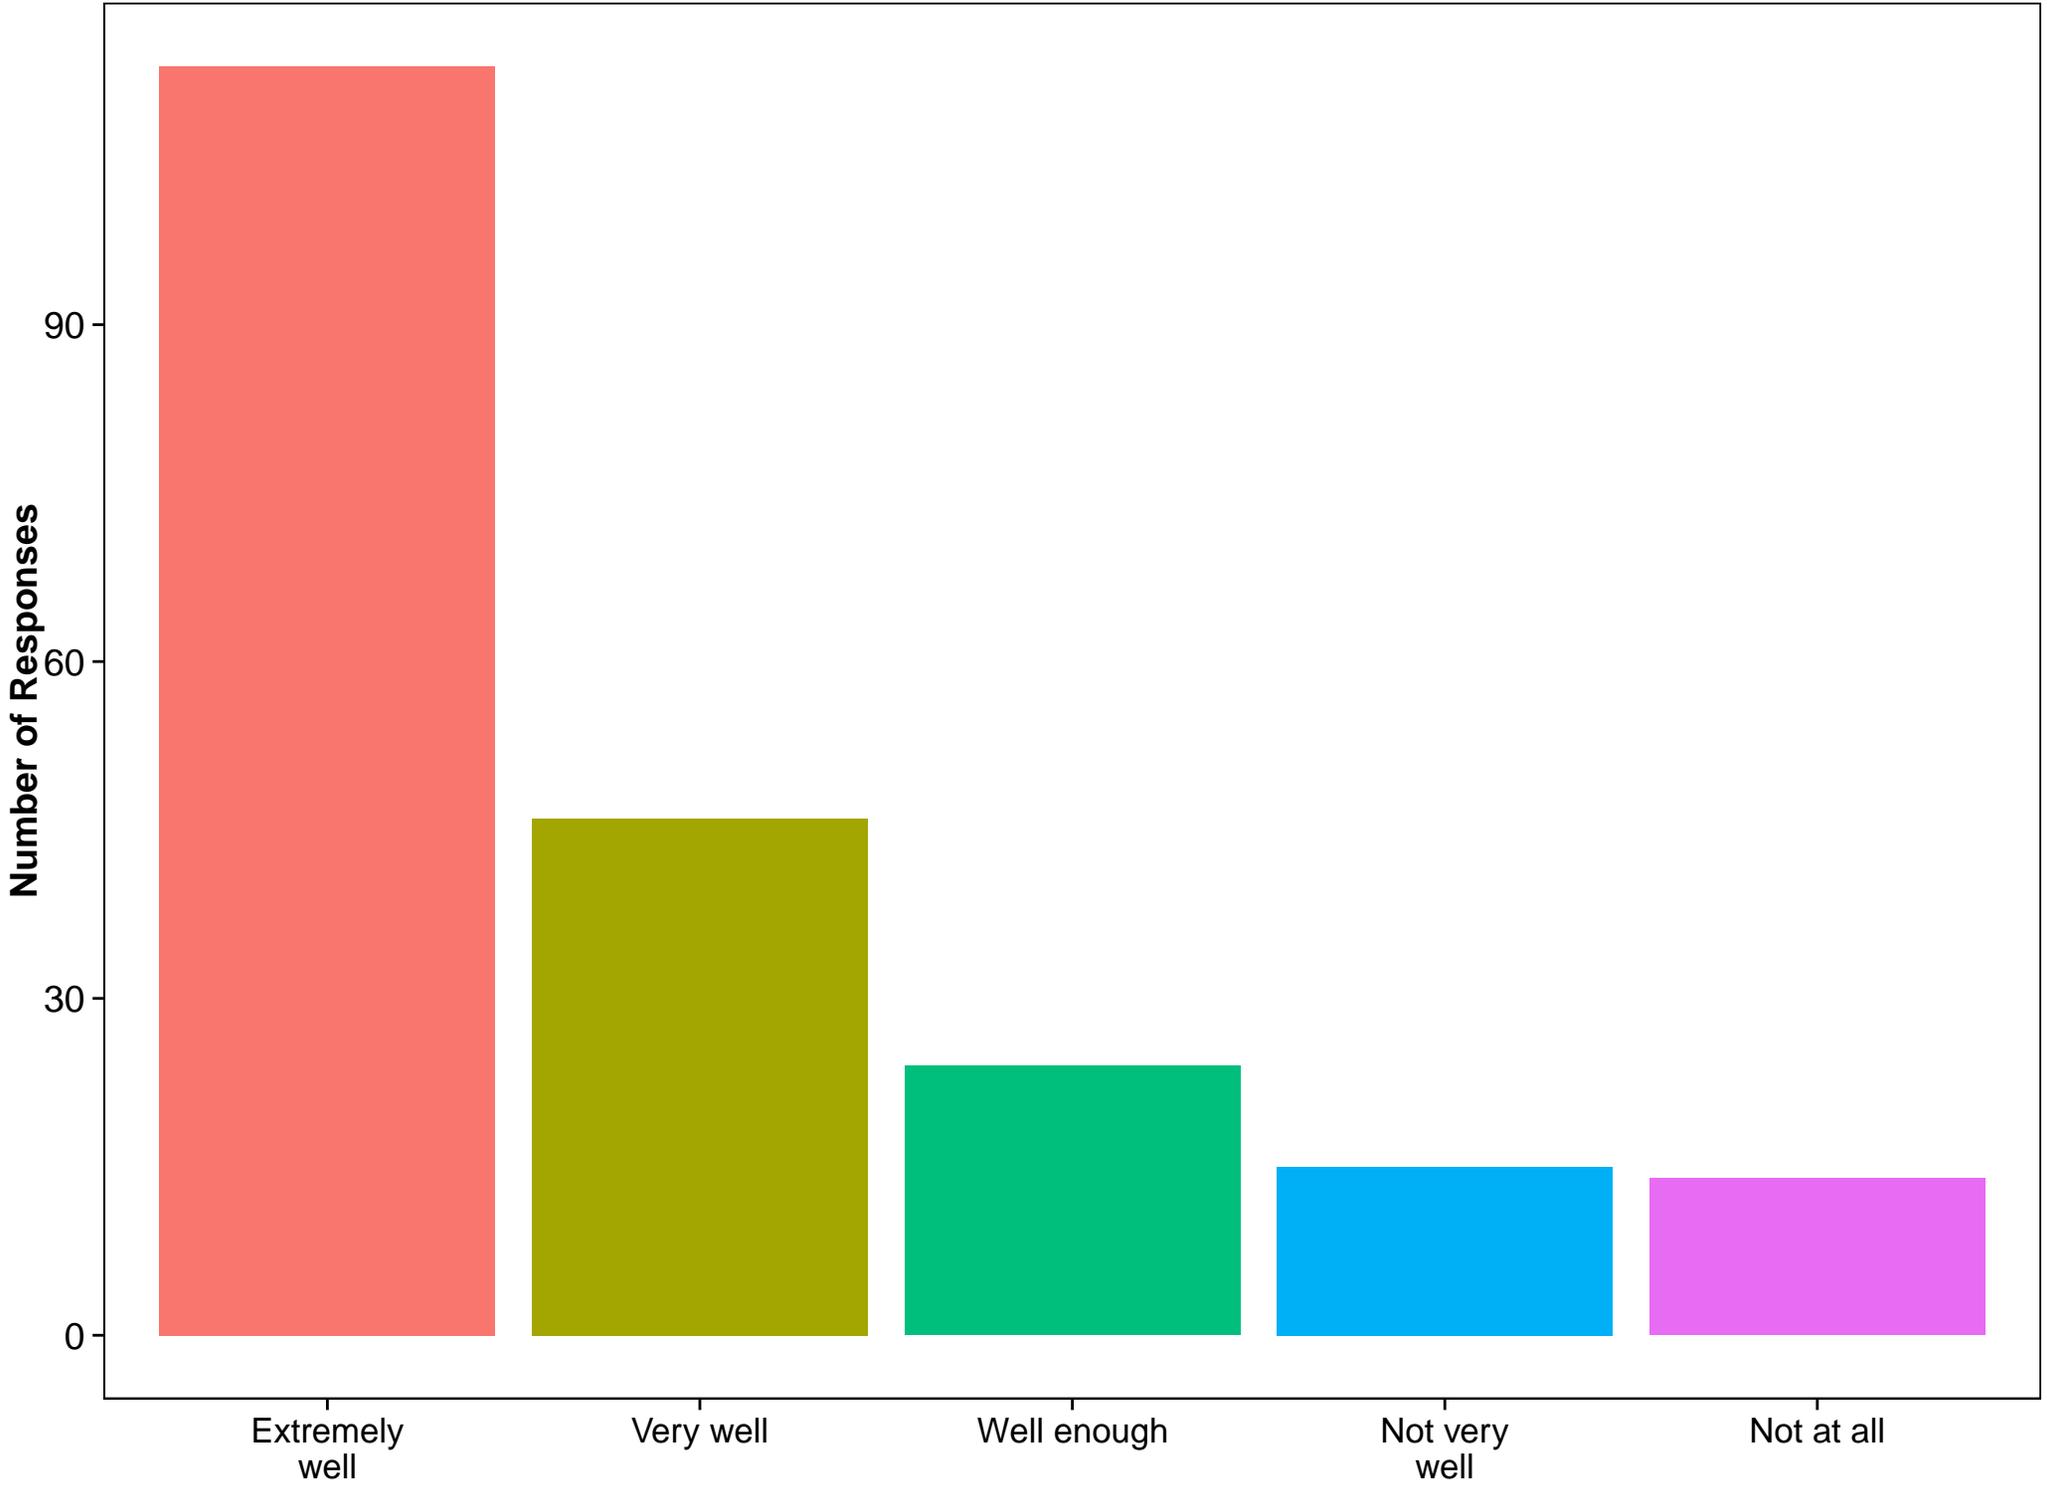

Which of the identified interests are best addressed in Scenario 3?

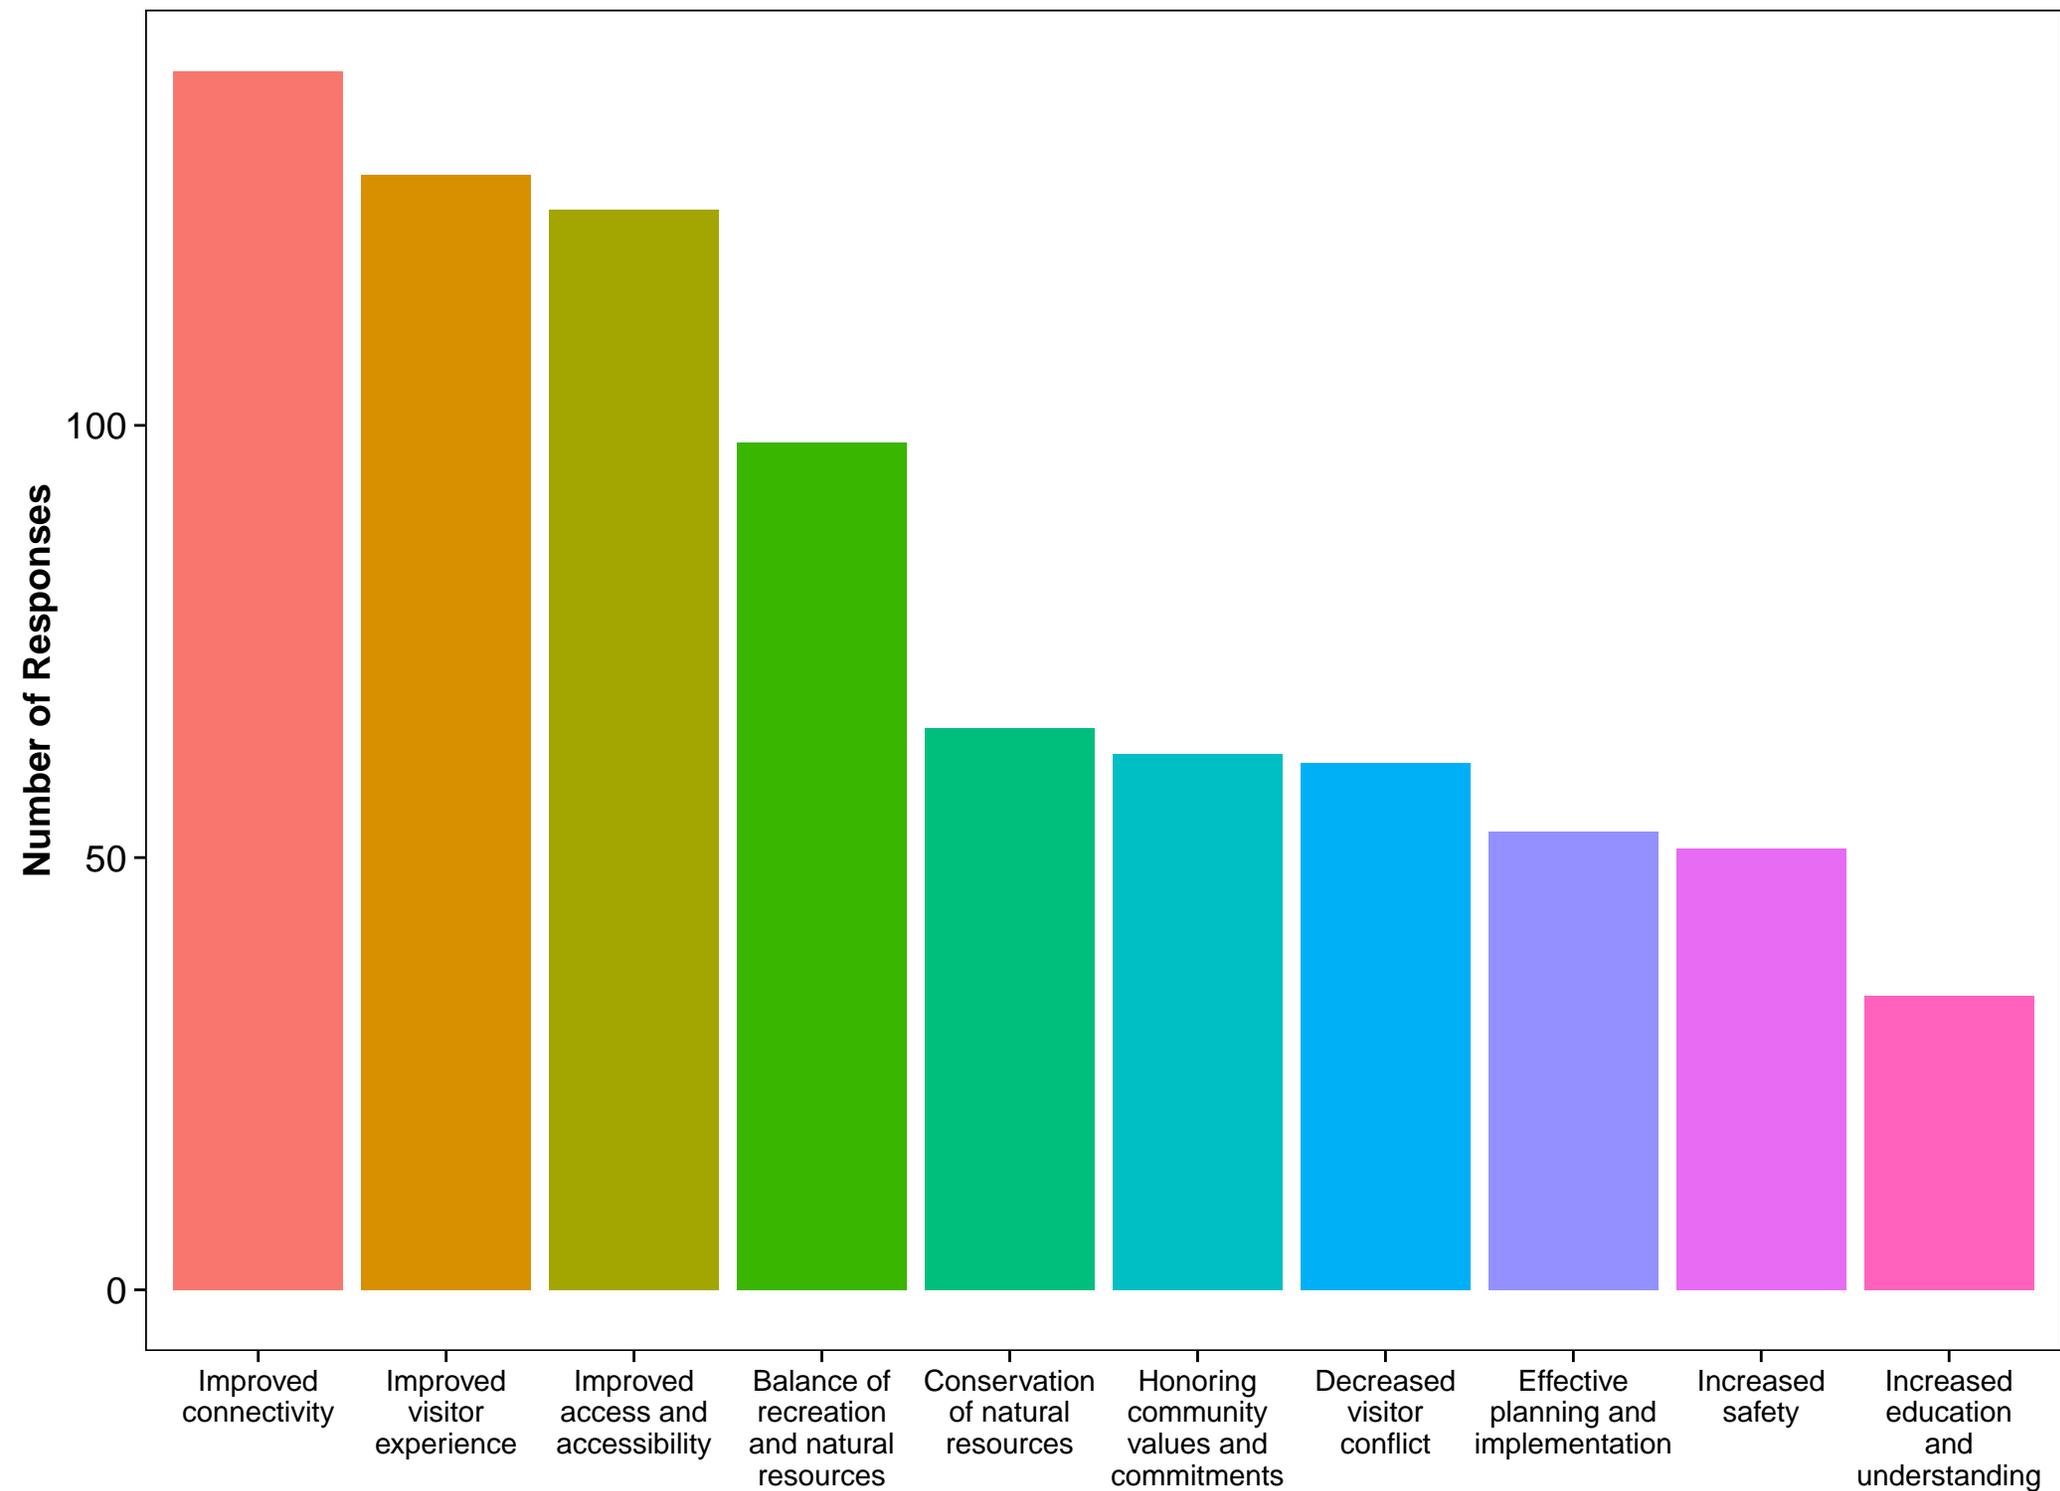

Which, if any, of the identified interests are not well addressed in Scenario 3?

How well do you think Scenario 4 balances the identified interests?

Which of the identified interests are best addressed in Scenario 4?

Which, if any, of the identified interests are not well addressed in Scenario 4?
