

Chautauqua Pedestrian Safety, Access and Lighting Improvements Project

Open House on October 15

What: Chautauqua Pedestrian Improvements Project Open House

The City of Boulder wants to make Chautauqua safer for our community. Last year, voters approved the Community, Culture and Safety Tax, which calls for pedestrian, safety and lighting improvements in key places. We plan to start work in winter, 2016 and finish in spring, 2017. Come, share your thoughts on early designs.

When: Thursday, October 15, 2015
5:30 p.m. - 7:30 p.m.

Where: Rocky Mountain Climber's Club room in the Community House, Chautauqua

Attendees are encouraged to walk or bike to the open house. Attendees driving to the event are encouraged to park in established lots or along public streets within the Chautauqua complex.
