

# CREEK GROVE SITE PLAN

## CREEK GROVE PROGRAM

### KEY CHARACTERISTICS

- » Generous plaza spaces along North Library and Municipal Building
- » One Core Green Space at the Center
- » Creek walk along the creek edge
- » Minor detour of Creek Path (+3.12 seconds longer than existing)
- » Enhanced circulation through Oak Market to 14th Street
- » Smallest Portion of Green Space
- » Limited regrading for creek access
- » Bandshell remains, interferes with the Canyon Complete Street right of way, and limits promenade with the expanded Farmers Market into the park
- » Removes 22 parking spaces north of Boulder Creek and 19 spaces south of Boulder Creek

## CREEK GROVE SITE PLAN

### FEEDBACK

#### PARK DEVELOPMENT GOALS

- 1) Does this plan meet the goals described for the park development? (Why / Why Not?)

#### CIRCULATION / ACCESS

- 1) Does this plan provide:
  - a. Best physical and visual access to Boulder Creek?
  - b. Best bike and pedestrian connectivity and access?
  - c. Appropriate accommodation of parking while enhancing park use?

#### PROGRAMMING / ACTIVATION

- 1) Does this plan provide:
  - a. The most functional approach to the Bandshell?
  - b. Greatest variety of experiences daily and throughout the year?
  - c. Most active and well used park spaces?
  - d. Most functionality for large events and gatherings?
