

Pedestrian Plan Update

Highlights:

- Background
- Purpose
- Scope

Feedback:

- Proposed approach
- TAB's involvement
 - Connection with TAB's priorities

Background

Walking is the fundamental way to travel and connects travel by all other modes. The city will prioritize and support pedestrian travel as the primary mode throughout the community and ensure adequate connections to public transit.

(Transportation Master Plan, p. 1-2)

Purpose

Provide a home for all things pedestrian and a roadmap for moving forward. . .

Community conversation

Identify citywide needs

Define priorities

Document strategies, policies, actions, costs, funding options

Scope

Key Themes

- Safe & comfortable
- Inclusive
- Innovative
- Connected

Figure 4-1
The Five Es

Community Engagement

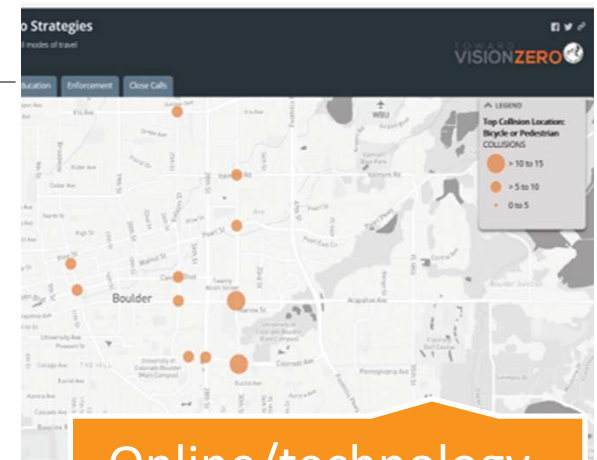

Large community events

- Open Houses
- Workshops
- Other events

Smaller targeted outreach

- Community Working Group
- “Think Tank”
- Boards & Commissions
- Neighborhoods/HOAs
- Other organizations/events
- Boulder Walks

Online/technology-based

- Website
- Email
- Social media
- Surveys (online, text-based)
- Videos

Ped Plan Update Timeline

Feedback from TAB

Does TAB have input on the approach and timeline?

How would you like to be involved in the community engagement?

- Role similar to NSMP
- Involvement in CWG – host specific meetings (e.g., E. Arap)
