

Community Visioning

Workshop Goal

To present community members the unique opportunity to help ensure that future redevelopment of the Boulder Community Health (BCH) - Broadway Campus site fits the community's vision and goals, responds to the community's needs, and enhances the character of the neighborhood.

Description

The City of Boulder along with Trestle Strategy Group, RE Architecture, and Mithun hosted a *Community Visioning Workshop* on September 8, 2016 as a part of the first phase of planning the redevelopment of the BCH site. The workshop space was set up with multiple activities for community members to share ideas, insights, and perspectives. Input received was documented and reflects this initial phase of planning and visioning.

Common Themes

- City office space
- Affordable housing
- Mixed uses
- Traditional Boulder architecture
- Better connectivity through space
- Interactive outdoor spaces
