 - DECISION: The Family Services Manager and the members present decided that if a survey was distributed among parents and teachers:
 - They would be willing to review a draft survey to ensure it's useful for parents and the City of Boulder.
 - They would be willing to encourage participation in the survey among parents.
- Future Meeting Schedule – The next meeting of the FRS Advisory Board will discuss the survey and will be held before the end of the school year. FOCs will talk with their groups to coordinate the next date.
