

Housing Boulder Working Groups

The overall engagement strategy includes, as one component, five working groups that will explore strategic alternatives to specific aspects of Boulder's affordable housing challenges. These groups will be comprised of community members charged with exploring and evaluating the draft toolkit and will be open to interested members of the public. In addition, it is expected that the working groups will identify additional tools for consideration.

	Name	Area of Town	Age	Male or Female	Rent or Own	Profession
