

# CORRIDOR EVALUATION

# Folsom

Month 1: July 27 to Aug. 30, 2015

Month 5: December 2015

Month 2: Aug. 31 to Sept. 27, 2015

Month 6: January 2016

Month 3: Sept. 28 to Nov. 1, 2015

Month 7: February 2016

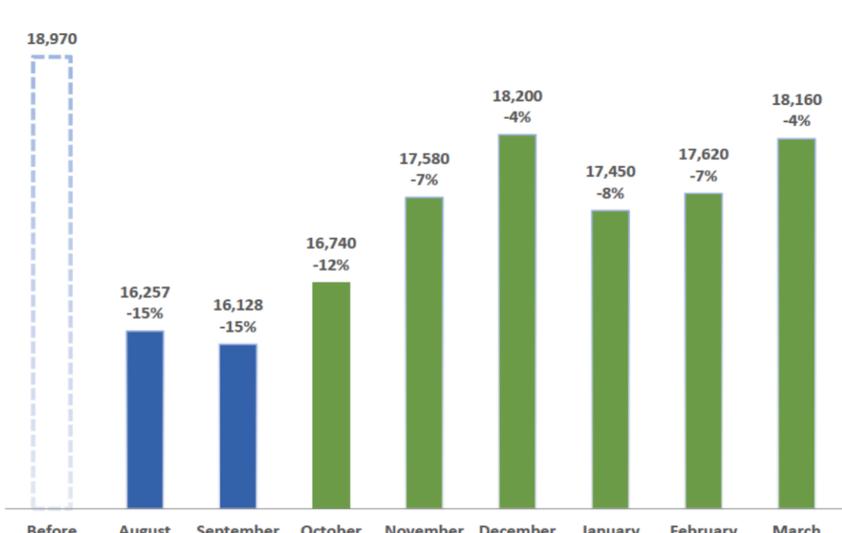

Month 4: November 2015

Month 8: March 2016

## Weekday Vehicle Volume

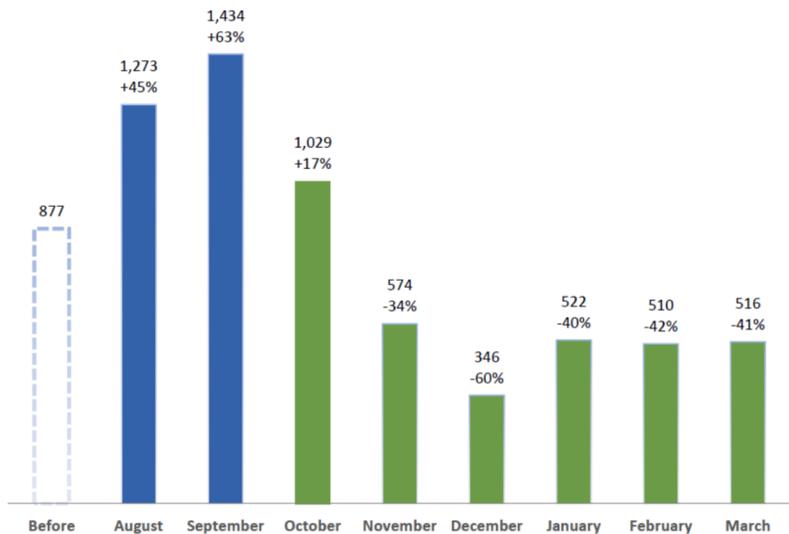

Vehicle volume is measured at Folsom north of Canyon

Initial Project Installation Post Project Refinements

## Weekday Bicycle Volume

Initial Project Installation Post Project Refinements

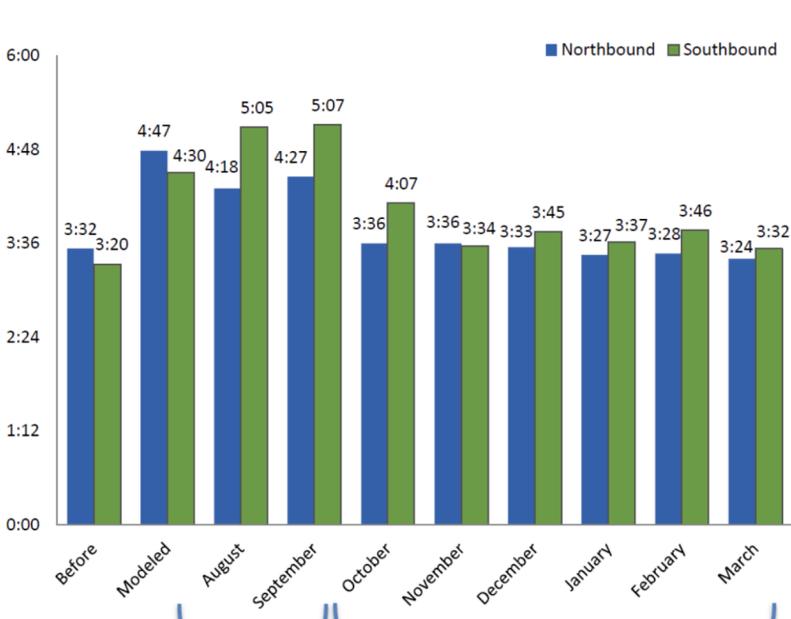

Bicycle volume is measured at Folsom north of Pine

The bicycle volume increase along the corridor is consistent with the increase the city typically sees when school is back in session

Additional data is needed to determine annual trends

## P.M. Vehicle Travel Time

P.M. vehicle travel time is measured along Folsom from Valmont to Arapahoe

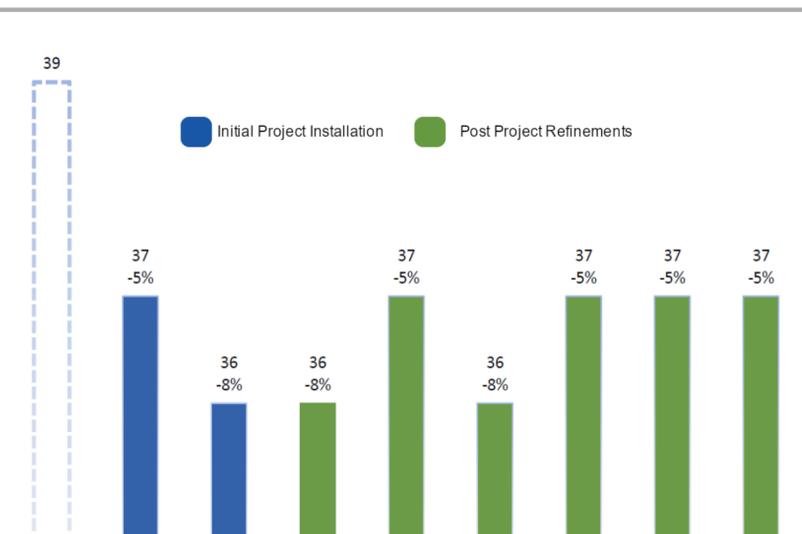

Initial Project Installation

Post Project Refinements

## Weekday Vehicle Speed

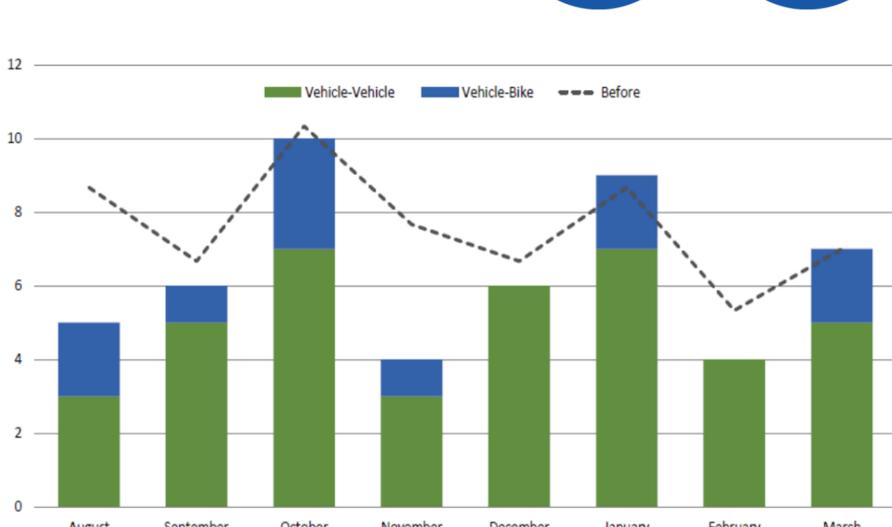

Weekday vehicle speed is in the 85th percentile at Bluff

## Collisions

The before data represented is an average for each month (2012-2014), during the same time periods as the after data

Collision data is collected along Folsom from Valmont to Colorado

Initial Project Installation

Post Project Refinements
