Dear Mr. Boyes:

RE: Valmont Butte

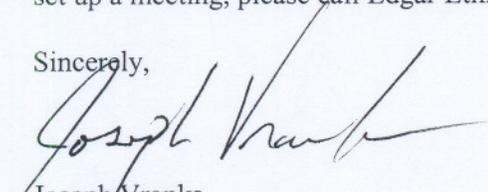

Your December 3, 2008 letter request for a further extension to the schedule for implementation of the Valmont Butte cover enhancement was received by the Colorado Department of Public Health and Environment (the Department) on December 5, 2008.

Pursuant to our September 30, 2008 meeting, the Department grants the extension upon the following conditions:

1. A written report of actions and activities relating to the Valmont Butte site for the last year will be submitted to the Department on or before January 6, 2009. The extension granted on January 25, 2008 required quarterly reports and they have not been delivered.
2. A technical meeting will be scheduled for the week of January 12, 2009 to discuss the requirements for submitting an acceptable work plan and schedule for the Voluntary Cleanup Program, or your schedule to complete the cover enhancement already approved.
3. The plans so discussed will be submitted to the Department on or before February 15, 2008 and will lay out the plan and schedule for completing remediation by December 31, 2009.

If you have any questions concerning the VCUP requirements, please call Mark Rudolph at (303) 692-3311, or to set up a meeting, please call Edgar Ethington at (303) 692-3438, me at (303) 692-3402.

Sincerely,

  
Joseph Vranka,  
Radiation Program Manager
