Subject: Background Arsenic Concentration at the City of Boulder's Valmont Butte Site

Dear Ms. Cordery-Cotter:

Staff has reviewed your request to use a background number of 10 mg/kg for arsenic at the Valmont Butte site located in Boulder, Colorado as described in your letter dated April 21, 2006. This background number for arsenic is acceptable at this site.

If you have any questions with regards to this letter, please call me at 303.692.3452 or Joe Vranka, Manager of the Radiation Control Program, at 303.692.3402.

Yours Truly,

Philip S. Stoffey
Environmental Protection Specialist
Remediation Program
Hazardous Materials and Waste Management Division
