

2010 Residential Rebates and Incentives for Energy Efficiency and Renewable Energy

- **ClimateSmart™** is a countywide campaign focused on reducing greenhouse gas emissions.
- The following is a list of residential rebates and federal tax credits available to Xcel Energy customers in Boulder County.
- The **ClimateSmart™ Loan Program** provides a voluntary mechanism for commercial and residential property owners to obtain financing for renewable energy and/or energy efficiency improvements to properties in Boulder County.
- **Not all of the measures below are eligible for the ClimateSmart Loan Program.** Visit www.climatesmartloanprogram.org for the latest Loan Program information.
