

Zero Waste Start-Up Rebate Application Form

For Businesses in the City of Boulder

Business Name: _____

Business Address: _____

Mailing Address (if different): _____

Business Representative: _____ Phone: _____

Title: _____ Email: _____

Incentive Objective: The City of Boulder is committed to assisting businesses in moving towards zero waste by increasing commercial material diversion from going to the landfill.

To assist with upfront costs of implementing new waste diversion services, the City will rebate up to a maximum \$250.00 per business for the purchase of additional recycling or compost collection items including, but not limited to; inside collection containers, compostable collection bags (liners for compost containers), compostable service ware and/or compostable take-out containers.

Businesses must be adding additional services (recycling or compost collection) to current waste collection system. Please note: Incentive will continue as funding is available.

For reimbursement, a business representative must submit the following: (Receipts can add up to any amount, but the reimbursement from the City of Boulder cannot exceed \$250.00)

- Incentive form and W-9 form (included)
- Verification of additional services from hauler
- Receipts or paid invoices for each product purchased showing date of purchase
